

**Bromine Compound**  
Delighting Customers With Authentic Products

Ammonium Bromide, Cupric Bromide, Cuprous Bromide, Iodine Compound, Iodine Derivatives, Iodine Powder, Liquid Lithium Compound, Lithium 12-HydroxyStearate, Lithium Acetate, Lithium Acetate Anhydrous, Lithium Acetate Dihydrate, Lithium Bromide Anhydrous, Lithium Bromide Solution, Lithium Chloride, Lithium Chloride Anhydrous, etc.

**LITHIUM MOLYBDATE ANHYDROUS**

**LITHIUM ACETATE DIHYDRATE**

**LITHIUM BROMIDE SOLUTION**

## About Us

We, Parad Corporation Private Limited, are a highly talented manufacturing concern, famous in varied parts of the world for our range of Inorganic and Organic Compounds. The collection is formulated at our state-of-the-art facility, which is equipped with most efficient and reliable machinery set up & equipment. The range comprising Liquid Lithium Compounds, Cupric Bromide, Lithium Iodide TriHydrate, Iodine Powder, etc., is tested at our in house quality control lab. The lab is established for reliable testing of our inorganic and organic range, here we assure the compliance of our range to the latest standards. Our company is capable of producing 45 tonnes/month lithium under controlled environment as well as 30 metric tonnes of organic derivatives every month. Our enterprise is led by Mr. Amit Parikh. He encourages to improve our range as well as business performance with each passing year. His motivating leadership has contributed to our immense growth as a manufacturer and exporter.

Our Padra (Gujarat, India) established company, Parad Corporation Private Limited, is one of the top names of the market. Constantly, we deliver our precious clients with high quality Cupric Bromide, Liquid Lithium Compounds, Lithium Iodide TriHydrate, Iodine Powder, etc.

<b>OEM Service Provided</b>	No

## Our Products

**Lithium Tetra Borate**

**Lithium Phosphate**

**Lithium Chromate  
Anhydrous**

**Lithium Acetate  
Anhydrous**

**Lithium Lactate**

**Lithium Nitrate  
Anhydrous**

**Liquid Lithium  
Compound**

**Lithium Fluoride**

**Lithium Hydroxide  
Monohydrate**

**Lithium 12-  
HydroxyStearate**

**Lithium Chloride  
Anhydrous**

**Lithium Nitrate**

**Lithium Bromide  
Anhydrous**

**Lithium Chromate**

**Lithium Octanoate**

**Lithium Citrate  
TetraHydrate**
