## About Us

Admired across India as an eminent manufacturer, we, Innbox Modular Prefab, have become the first preference of customers. They contact us on regular basis for availing highest grade Parking Canopy Shed, FRP Prefabricated Cabin, Mild Steel Security Cabin, Steel Portable Office Cabin, MS Security Cabin, Prefabricated Wooden House, etc. The designs created by us are unique and exceptional. Our creations are able to withstand extreme weather and temperature. This is because of the use of A grade material for making the items. One of the reasons behind our exceptional product supply is the availability of modern machines at our premises. We have established a sound infrastructure that comprises different units like manufacturing, R&D, quality control and warehouse. Every department is supervised by diligent workers who are skilled and trained. Our experts have always been able to deliver customized solutions that are made as per the exact specifications of clients. From manufacturing flawless offerings to ensuring their quick delivery, our workers do every job with complete focus. Under the guidance of Mr. Subhan (CEO), each personnel gives his or her best to make the company grow regularly. We are thankful to every member for their role in our success story and expect similar assistance from them for years to come.

Quality is one of the factors for which our company is preferred over others for availing Prefabricated Wooden House, MS Security Cabin, etc. Customers are assured that every offering we deliver is tested before the shipment. There is a separate team which is given the responsibility of checking the features of creations. They use efficient equipment for the procedure that never miss even a small flaw. Only after the approval of quality controllers, offerings are packed and sent to customers. In our company, a strict quality management system is exercised, owing to which we are trusted all over India.
