About Us

With a firm determination to carve a niche in the industry, we have established ourselves as a prominent manufacturer, exporter and supplier of a wide range of Mechanical Shaft Seals, Mechanical Seals, Double Mechanical Shaft Seals, moulds and plastic components. We have achieved this unparalleled success in a very short span of time. Because Hi Tech Seals Industries has a dedicated attitude to serve you in the best way, to maintain premium quality of products, and to satisfy your needs at affordable price. Our product range includes Mechanical Seals of All Types - Mechanical Shaft Seals, Mechanical Seals, Multiple Spring Shaft Seals, Double Mechanical Shaft Seals, Single Spring Shaft Seals, PTFE Bellow Shaft Seals, Wave Washer Shaft Seals, and varied Moulds and Plastic Components. We are also into repairing of all types of used mechanical seals (all brands and styles). This saves 50% of the cost of a new seal.

Our mechanical seals are aimed at overcoming the negative issues related to packed stuffing boxes and offers an alternative to fluid leakage. Most of our products come in different specifications winning high acclaim among our clients all over the country. We are now concentrating upon further upgradation of quality, better and innovative products to achieve full customer satisfaction.
