About Us

For last 36 years, KARTAR Combines stand high as the one of most trusted names in agricultural equipments manufacturing and export. The company, operating in this sector since 1975, has earned an enviable position of trust and innovation among agrarians. We have given 100% valuable technology to Indian farmers that has enriched the harvest in their fields and this is why we are reckoned as the pioneer and leading manufacturer and exporter of high quality agricultural implements.

Empowered with cutting-edge technology, powerful research facilities and an innovative business approach, we offer our clients a wide spectrum of the best quality Maize Combine Harvesters, Straw Reapers, Rake, Self Propelled Combine Harvesters. Our strong focus on understanding technological challenges faced by farmers during cultivation, and our resolution to overhaul the same has helped us emerge as a leading manufacturer, exporter and supplier of these best agricultural machineries like, Combine Harvester, Multicrop Combine Harvester, Track Type Combine Harvester, , Knotter and Rotavator, Self Propelled Combine Harvesters, etc.

From a single company, we deliver our precision engineered range of agricultural equipment to all the major markets of the world. Today, our highly functional and cost-effective product range and value-added solutions are successfully addressing varied needs of farmers throughout the world, helping them incorporate innovation, boost productivity and effectively curtail costs in their operational activities.
