About Us

Having extensive industry experience, we at Delux Enterprise are serving various industries with our high quality products. We are identified among the leading knives manufacturer, exporter, trader, and supplier. Our company offers Industrial Knives, Top Slitter Knives , Bias Cutter, LUTZ Blades, Industrial Blades, Saw Blades, Ledger Knives, Knives for Converting Industries, Woodworking Knives, Woodworking Saws, Plastic Granulating Knives, Cutting Tools for Tyre Industries, Knives for Sheet Metal Industries, Precision Knives and Bread Slice Knives. These products are made-up with original quality raw materials that are procured from reliable vendors.

We are backed by ultra modern manufacturing facilities at our infrastructural setup that makes us capable to meet all demands of customers. Moreover, we have employed highly qualified and experienced professionals who have complete technical know-how. They make use of installed machines and equipment with an objective to manufacture international standard quality products consistently. Prior to final delivery of consignment to customers, our quality analysts stringently test them.

Woodworking is not just a process, it an art that requires skills and accuracy to instill beautiful features in the wooden items. Delux Enterprise respects this art and hence manufactures a range of woodworking saws, knives, industrial saws, knives adapter, sheet cutters and other products. Working as manufacturer from Mumbai (Maharashtra, India), we rely heavily on the quality of products and hence we ensure to keep it second to none. We follow the practice of creating consumer reports through that data collected through customer satisfaction survey. With the help of reports, we are able to understand the quality and performance of our products in the standard & complex working conditions.
