

Making Packaging Simple & Strong

AUTO CORNER SEALING MACHINE MODEL : JS-1 IMCR

This machine is used to automatically seal carton corners with pressure-sensitive adhesive tape like PVC and BOPP. It is used for the carton in regular shape. Carton sealer can be customized according to customers' requirements so as to meet different customers' needs. The machine has been widely used in the food industry, chemical fiber, tobacco redrying, pharmacy, publish, air conditioning, household appliance, ceramics, hot work and so on.

Technical Specification

- Power : 1P 110V/220V 50HZ/60HZ 1.0KW
- Compressed air pressure : 0.4MPa~0.6MPa
- Air consumption: 11L/min
- Table height: 600mm~750mm
- Convey speed: 20m/min
- Carton dimensions: L (340~670) ×W (200~500) ×H (200~500) mm
- Adhesive tape spec: 48~72mm
- Adhesive tape material: Kraft paper, or, BOPP
- Electric components: France "Schneider" contactor; "Youngsun" controller; Taiwan "Luson" motor; Germany "Siemens APT" push button
- Pneumatic components: Taiwan "Airtac"
- Working noise: 75DB(A)
- Surroundings: humidity 98%, temperature 0~40 °C
- Machine dimensions: L2200mm×W1240mm×H (table height+800mm)
- Machine Weight: 530 KG

Features:

- Manual adjustment by handle for different carton size
- Top and bottom belts drive
- To feed carton by cylinder
- Automatically convey and seal the four corners of carton box
- Widely used in logistic
- Perfect Second Packaging
- High efficiency and energy saving
- Easy maintenance
