About Us

Highclean Ultrasonics is a prominent firm, which stepped into the market for aiding several industries in meeting their cleaning and maintenance requirements. We are a prestigious manufacturer, supplier and exporter of Ultrasonic Cleaning Equipment, Ultrasonic Testing Equipment, Ultrasonic Cleaner, Ultrasonic Jewellery Cleaner, Spray Washing Machines, Industrial Ultrasonic Cleaners and Vapor Degreasers. Our range includes Multistage Ultrasonic Cleaning System, Automotive Ultrasonic Cleaner, Jet Spray Washing Machines, Oil Skimmers and many other products. These are manufactured from high-grade components and materials that are sourced from authentic vendors of the market, only. The offered cleaning systems are widely applauded for their excellent performance, low maintenance cost, durability and reliability. Further, our products find their wide use in several industries such as printing, automobile, jewelry, medical and air conditioner components.

We are holding a formidable position for ourselves in the market due to the hard efforts of our professionals and sophisticated facilities. The professionals we have employed hold knowledge & experience of their respective domains, as a result we are mustering huge clientele for ourselves, across the market. Further, our range is offered to clients at economical rates due to the hard efforts of our personnel, as they make apt use of available resources. For smooth working, all our machines & tools are upgraded on regular gaps. Owing to all these factors, we have been able to stand ahead of our counterparts from a long time.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	multi stage ultrasonic machine,single stage ultrasonic machine,Ultrasonic PCB cleaning machine,Ultrasonic Cleaning For The Automotive Industry,table top ultrasonic cleaner,ultrasonic machine,ultrasonic cleaning machine,ultrasonic cleaning equipment
Year of Establishment	1992
OEM Service Provided	No
ProductRange	multi stage ultrasonic machine,single stage ultrasonic machine,Ultrasonic PCB cleaning machine,Ultrasonic Cleaning For The Automotive Industry,table top ultrasonic cleaner,ultrasonic machine,ultrasonic cleaning machine,ultrasonic cleaning equipment
