About Us

In almost every application, whether it is for residential, commercial or industrial use, electrical components are always required to be installed. Examining such requirements we, Shweta Export started our company as a manufacturer, supplier and as well as an exporter of a wide array of electrical products. In spite of being recently established in the year of 2019, we have been able to increase the popularity of our products including, 240V Mini Circuit Breaker, Single Phase Mini Circuit Breaker, PCB Electronic Board, 12W Round LED Slim Panel Light, High Quality LED COB Light, etc., all over the world. On the top of that, we are also an OEM (Other Equipment Manufacturer) for products of Anchor brand.

The demand for some or the other type of electrical products is always on the rise in the marketplace. However at times, companies providing such products alter their quality in order to meet the demands. Being different from the others, we, at Shweta Export focus on both factors, we manufacture the best quality of electrical products and also complete the high quantity demands of the customers. We have our facility located in the city of Thane, Maharashtra, India, which constitutes a production unit that manufactures varied range of electrical products including 4 Pole Miniature Circuit Breaker, 50W LED Flood Light, Electrical Power Distribution Boxes, Moulded Case Circuit Breaker, Electronic Socket Box, etc.
