About Us

Pronext Energy And Power Solutions Private Limited is motivated by an objective to drive public hygiene, green energy, and quality utility solutions through a distinctive combination of purpose and innovation. Being a manufacturer and supplier, the company provides an impactful portfolio of products such as coin operated sanitary napkin vending machine, automatic sanitary pad vending machine, face mask and sanitary napkin incinerator, solar LED street lamp, all in one solar street light, solar LED street light, and semi automatic sanitary napkin disposal machine. Each product is meticulously designed to meet the evolving needs of institutions, communities, and industries committed to hygiene, safety, and energy efficiency.

Through the synthesis of technology and human-centric design, Pronext products are developed as user-friendly, maintenance-free, and long-lasting in nature with functionality even in remote and high-demand areas. Light and tamper-proof constructions make them safe, reliable choices for public use, and smart harnessing of renewable sources like solar power ensures constant functionality and environmental sustainability. Whether enabling women with affordable menstrual hygiene options or lighting up off-grid communities through solar lighting options, the goal is one piece of a larger puzzle dependable innovation at the service of dignity and sustainability.
