About Us

Madhur Mini Oil Mill is a reliable manufacturer and supplier of Organic Peanut Seed Oil from Manavadar, Gujarat. We specialize in the production of Organic Peanut Seed Oil in bulk quantity. The offered oil has proven advantage as an antioxidant, anti-diabetic, antimicrobial and anti-inflammatory properties. The benefits are not limited to these. Research has shown proven benefits to the human hearts.

Being aware of the health benefits of this oil, we started large-scale commercial production so that the general masses can avail of this oil at reasonable prices. For producing this oil, we have installed oil processing mill featuring all the required machinery, equipment and tools for extraction of oil, purification, quality testing and packaging.

We are a promising enterprise, which is committed to deliver the best in consonance with the demands of the customers. Since inception in 2017, we have consistently worked hard and gathered a huge base of customers, who appreciate the quality of our product and place repeat orders with us.

Our Infrastructure

Oil processing and production is a complex activity. There are multiple activities involved before the final product is obtained. After sourcing of the raw peanut, grading, washing, cleaning, and drying are the preliminary activities that we do, prior to starting with the production process. For all such activities and more, we have installed highly efficient machinery as part of our infrastructure. Due to our well-equipped facilities, we successfully manufacture several tons of oil in a month.

Our Quality

We pay immense attention to quality since we are offering Organic Peanut Seed Oil, which is meant for human consumption. First and foremost, we make sure to maintain optimum hygiene in the production area so that no contamination happens to the oil we produce. For the production, we procure the best grade peanut seeds so that the produced oil is optimally beneficial for the human beings. Purifying the oil by removing the unwanted impurities is another major focus of our quality assurance policy. This is very strictly done so that the consumers get pure and hygienic oil. Quality of packaging is also given dedicated attention, as it enables us in delivering the same supreme quality to customers, as produced.
