About Us

SS Enterprises is a reliable manufacturer, trader, and supplier of high-tech industrial parts that are meant to enable precision-based activities in various settings. Our performance and reliability-focused solutions provide opportunities that reinforce operational control, increase safety, and ensure constant productivity in the harsh industrial conditions. Each of the systems and components provided is chosen after intensive technical analysis to achieve high standards of performance and durability.

It is worthwhile to us that accuracy, stability, and durability are the foundations of industrial efficiency. Load cell indicators and overload protective, pressure transmitters, pneumatic friction clutches, simel oil burner motors, solenoid valves, and sandsun air-driven hydraulic pumps are some of the products that demonstrate the great focus on high precision engineering and reliable control. All the products are designed to operate in a continuous working environment so that they can easily integrate with the already established systems and sustain energy-efficient and cost effective operations.

Our Products

Hydraulic Overload Protector Pump

Electronic Digital Die Height Indicator

Overload Protector Make Showa Sieki

Programmable CAM Controller

Sandsun Air-Driven Hydraulic Pump

Solenoid Coil And Gas Safety Shut-Off Valve

ANEST IWATA Pneumatic Air Motor

Simel Oil Burner Motors

Electric Lubricating Oil Pump

Digital Calibration Load Cell Indicator

Duch Digital Speed Controller

Pneumatic Friction Clutch

Pressure Transmitter

Overload Protector

Dungs Gas Double Solenoid Valve

Azbil Dual-Sensing Safety Solenoid Valve
