About Us

Our company, Kothari Enterprises, with more than 3 decades of experience, holds a prominent place in the industry as a leading supplier, trader, and wholesaler of quality items. Our offered range includes Waterproofing Chemicals, Tile Adhesive, Silicone Sealant, Construction Cement, Tile Grout, and more. Our products are made using premium-grade raw materials procured from reliable sources in the industry. The chosen vendors are procured after thorough market research based on various parameters. To maintain and ensure the quality of these products, we pass each product through a series of quality assurance tests. This helps us ensure that the quality of our offerings matches the international standards.

Proper packaging makes sure that the constituents are free from dust, dirt, or any kind of contamination during the transit. We have kept the prices of our offerings as low as possible with the hopes of catering to the requirements of a large audience. Our strong logistics and delivery team make sure that the items reach our clients within the stipulated time frame. Our clients have always come first at our organization, and everything we do is focused on ensuring their well-being. This is how we have operated since the beginning. We strive to ensure the happiness and satisfaction of everyone we interact with through our ethical business practices and fundamental principles.
