About Us

Mahendra Industries is a trusted manufacturer and supplier of precision-engineered automotive and industrial tools. Established in 2011 in Ludhiana, Punjab, we have built a strong reputation for delivering durable, performance-oriented products that support the needs of mechanics, workshops, and heavy-duty vehicle industries. Our product range includes Mechanical Screw Kamani Jack, T Type Spanner, Grease Gun, Bell Crank Pin and Trailer Equalizer Pin, essential components trusted for strength, performance, and long-term reliability. Designed with precision and manufactured using quality materials, our products are built to handle real-world industrial challenges.

With over a decade of experience, we understand the value of both product quality and timely delivery. Our in-house production facilities, skilled workforce, and stringent quality controls ensure that every item that leaves our factory stands up to the highest standards of safety and durability. For more than 10 years, Mahendra Industries has been focused on quality, precision, and customer satisfaction. We serve a wide network of clients across India, ranging from small repair shops to large-scale industrial units. Our goal is simple: to provide strong, reliable tools and components that help you do your job better. As we look ahead, we continue to invest in advanced machinery, skilled manpower, and research to stay at the forefront of innovation in mechanical tools and components. No matter the size of your order, you can count on us for consistent quality and honest service.
