## Salient Features

- Commonly used in the agricultural and food processing industry to prepare fruits & vegetables for distribution and sale
- Equipped with efficient conveyor belts that transport items smoothly from one processing stage to another, ensuring a continuous flow and minimizing handling
- Effective washing and cleaning mechanisms that remove dirt, debris, pesticides, and contaminants from the item's surface to maintain hygiene and product quality
- Incorporated with specialized equipment to remove stones, large debris, and foreign objects from the items to prevent damage to downstream machinery
- Produced in an advanced state of the art manufacturing facility
- World class bought out items for optimum operations
- Designed to work 24 hours, round the clock
- Operator friendly machine, hence easy to operate and maintain
- Low maintenance and operating cost
- Sturdy design to ensure long life and trouble-free operation
