About Us

Flicker Candles bring for you brilliantly aromatic candles for every moment. As a manufacturer and supplier, we present many uncomplicated fragrances in our signature collection of over 100 types of candles. From being a modest manufacturing company set up in 2011, we have become a phenomenal name in the industry specializing in Reiki Candles, Aromatherapy Candles, Handcrafted And Organic Soap and Candle Fragrances. Our brand Flicker Candles has blossomed under the guidance of our founder, Mrs. Tejal Trivedi, whose candle making hobby took a new flight when she attended workshops and exhibitions related to the art of candle making. Her husband encouraged her to follow her passion, delve deeper into the art of professional candle making and present her artwork for the world to see. She then began exhibiting her range of candles that in a short time appealed everyone with their premium quality and luxe feel.

Flicker Candles is a premium scented candle and candle products brand that forayed into the market in 2011. The company is the brainchild of the very talented Mrs. Tejal Trivedi, who initiated the art and craft of nontoxic and non-paraffin candle manufacturing alongwith her husband. Today, the range of Candles that she creates is demanded for a variety of purposes, including reiki, meditation, etc. She also designs special event candles for weddings and other occasions. Made with 100% natural ingredients and natural oils, Flicker Candles are specifically chosen for their ability to promote a sense of calm and well-being. Besides candles, the company also offers a 100% satisfaction guarantee on its range of Handcrafted And Organic Soap made available in fragrances like rose, neem, lemongrass, coffee, etc.
