

CMC SPM

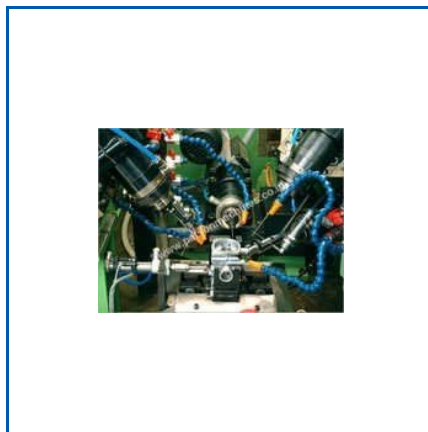

Manufacturer, Exporter & Supplier

14 Spindle Adjustable Type Drilling Spm, 2 Station Multi-spindle Drilling and Tapping Spm, 24 Spindle Drilling Spm, 3 Way Tapping Machine for Alu Gang Box, 4 Axis Cnc Engraving Machine, 4 Sp. Deep Drilling Spm -1, 5 Way Tapping Machine for Alu Gang Box, Etc.

CARBURETOR MACHINES

About Us

Supported by sound manufacturing facilities and competent workforce, we, Patson Machines Pvt. Ltd., are able to provide our clients with a world-class range of machines. Safe and optimal operations of precision boring machines, rotary drilling machines, and all type of Special Purpose Machines are our first priority. We have achieved good reputation for technical & engineering competence and innovative quality-monitoring system. Our team of engineers and professionals focus on contributing greatly to facilitating the production process and executing the quality-management flow-work in conformity with global manufacturing norms in order to parallel the standard of our models of precision boring machines and rotary drilling machines to international one. Because of concentrated efforts and dedication towards their respective work, we successfully attain our goal of complete client satisfaction and are being associated with the renowned companies.

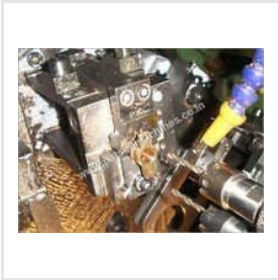

Patson Machines Pvt. Ltd., being a top manufacturer, exporter and supplier of special purpose machines, special purpose CNC machines, multi spindle drilling & tapping machines and other heavy-duty machines which conform to OEM standard in terms of overall quality, has been for the last 28 years serving Indian as well as international clients who prefer our various range of machines which feature frugal operational costs, maximum up time and less maintenance requirement. We design special purpose machines in different configurations with the higher functional efficiency and optimum operation. As our long experience, better expertise, well-equipped infrastructure and proficient engineers empower us to develop technology related to special purpose machines which prove to be functionally versatile for metal cutting operations, so we have been delivery what exactly we promise.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	industrial machine tools, fine boring machine, CNC spm, special purpose machines
No of Staff	35
Year of Establishment	2005
OEM Service Provided	No
Memberships	Small Scale Industry (SSI), NSI, MCC
ProductRange	industrial machine tools, fine boring machine, CNC spm, special purpose machines

Our Products

Gas Cock Drilling SPM

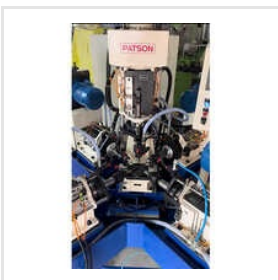

Two Station Adjustable Type 30 Spindle Drilling

3 WAY TAPPING MACHINE FOR ALU

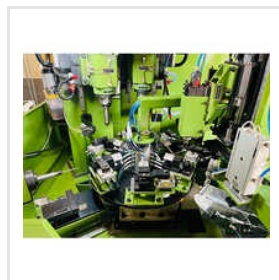

4 SP. DEEEP DRILLING SPM -1

5 WAY TAPPING MACHINE FOR ALU

ROTARY INDEXING TYPE DRILLING & TAPPING

INDEXING TYPE SPM FOR DRILLING & DEBURRING

INDEXING TYPE SPM FOR DRILLING & DEBURRING 1

Oil Hole Drilling Machine

Filter Head Spm Drilling Machine

Precision Boring SPM

Horizontal Fine Boring Machines

Precision Boring Machines

Fine Boring SPM

Way Type Boring SPM

CNC Boring & Grooving SPM
