About Us

Sterlite Camotech holds a reputation in the market for being one of the leading manufacturers and suppliers of quality products, including HS Dual Synthetic Camouflage Net, Multispectral Camouflage Net, Single Synthetic Camouflage Net, Infrared Camouflage Paint, Camouflage Parasols, and more. We have given much thought to developing items with superior designs for our clients since the day we first started. Our working strategies are founded on customer-centric and quality-centric policies, and as a result, our multi-utility products have been created to meet industry standards. We get our resources from reputable suppliers in the field, and we use the purchased components in our fabrication project only after putting them through a number of quality control inspections.

Sterlite Camotech was founded in 2016, and does its business operations out of Ballabgarh, Haryana, India. The main goal of our company has always been to provide our clients with items of the highest calibre possible. We are known to manufacture and supply Champagne Undyed Hemp, Visual Ghillie Suits, Single Camouflage Net Shrimp, Repair Kit, Telescopic Poles, and more. With the help of these positive qualities, we can guarantee our clients an excellent overall business experience.
