About Us

Established in 1973, Amritlal And Company are involved in wholesaling business of a wide assortment of products. We are a leading wholesaler and trader of Mild Steel Round Pipe, Galvanized Iron Pipe, Cast Iron Sluice Valve, Brass Swing Check Valve, and many other products. Our experts collaborate with eminent brands to provide customers with a high-quality selection of goods. We have a professional team, which performs different business jobs for us. To avoid workplace complications, we have streamlined our working process and divided our professionals in specific team to achieve our objectives. We have found it easier to maintain long-term business relationships with our customers because of our ethical policies and high-quality products.

We are serving a long list of customers, under the supervision of our mentor. We have achieved a prestigious position as a result of his expertise, dedication, skills, and honest business techniques. Our 49 years of existence in the industry has given us the expertise in the domain, giving us an edge over the competitors. Apart from this, we are expanding the range each year to cater to more and more customers.
