## About Us

There is hardly any industry left, where laptops or computers are not used. With the increased usage of these technological device, there has been increase in the markets of their parts & components.

Not everyone can afford buying new laptop or computer, when the current one starts giving problems. Every individual or company looks for repairing option as it is feasible & affordable. To help engineers in repairing laptops & computers, we, **MK Laptops** work.

Our trading company supplies several types of **Laptop Parts** such as **Sony BPS35 Battery, HP Laptop Panel, HP Laptop Motherboard, Lenovo ThinkPad T450 Laptop Motherboard** and many other products. In addition, we make available **Soldering Machine, Soldering Flux, DC Power Supply, Digital Oscilloscope** and many other products that are required for repairing laptop parts.

We supply the most authentic motherboard, panel, battery and several other parts of laptop for brands such as **Asus, Sony, HP, Dell, Lenovo, Acer, Sony and Toshiba**. Our quality and reasonable prices bring to us success in the market as a trader and wholesaler. We are also contacted by people for availing **Laptop Repairing Service and Assembling And Installation Service**. With our rich knowledge and material availability, we are doing such quality service work, which no other **service provider** can do.

Our mentor, **Mr. Mohit Kumar**, regularly lightens path of the company. His decisions, managerial skills and approaches make us step ahead in the challenging business markets of laptop parts & repair work.

## Our Infrastructure

Since inception, we totally understand how important it is to have infrastructure space. Hence, after proper planning and making right use of money, we have built our sound infrastructure. It allows us in keeping a bulk stock of offered laptop parts of several brands & models. This further enables us in providing our customers, products of their need at any time. Further, in this space, using right material & equipment, our experts carry out Laptop Repairing Service work.
