## Our

## Infrastructure

Leveraging on our sturdy infrastructural facility, we are meeting the desired requirements of our clients within the stipulated time frame. We have set up a sophisticated manufacturing unit, which is well equipped with advanced machinery and equipment. These assist us in producing large volume of paper with utmost promptness and perfection. Having an enormous capacity of 750 M.T. per month, our production facility gives us a cutting edge over our competitors.

Some of the machines installed in our manufacturing unit are:

- Coating machine
- Calendaring machine

- Grinding machine
- Sigma ribbon cutter & rewinder
- Printing Machine
- Graning Machine

In addition, we are backed by a team of dexterous professionals, who form backbone of all our operations. They strive to incorporate latest technologies and innovative techniques so as to keep pace with changing market demands.

Our complete array comprises **Chromo Paper (C1S), Fluorescent Paper /Card Board (C1S) & (C2S) / Neon paper, Pastel Paper, Gutkha Packing Paper - Top Coated Chromo Paper,** etc. In addition, we are also known as an eminent exporter and importer in the international market. We are importing different kinds of products from China and Japan.

Being a quality conscious company, we are focused on maintaining highest standards of quality in our range. We have been able to conquer wide market segments across **Nepal, Turkey, Kuwait, Canada & USA and African Countries** like Uganda & Kenya through both Direct Export and Merchant Export. We also guarantee timely delivery of our products through a vast distribution network that helps us in reaching to a large number of clients. In future, we plan to undertake manufacturing of Silicon Released Paper and Heat Sealing Paper.

## **Products**
