About Us

With an aim to provide quality engineering solutions of diverse industries, Soni Brothers was established in the year 1973. We are an exporter, supplier and trader of industrial chains, industrial roller chains, industrial gears, conveyor rubber beltings, link chains, chain slings, chain fittings, stainless steel elevator buckets, friction materials, agriculture food grade plastics elevator buckets, and other industrial & engineering products.

Our commitment to complete customer satisfaction has given us rich dividends, fetching us a large customer base from across the world. We have retained most of our clients with further additions to the ever increasing list. Our export market is spread across the regions of Africa, Gulf countries, Europe and other countries. We hold membership with the prestigious Federation of Indian Export Organizations.
