## About Us

Since 2014, Health Tech Healthcare, has been operating and known as a reputed supplier, trader, and wholesaler of Clinical Chemistry Analyzers such as H500 GB Hematology Analyzer, 60 ABX Micros Analyzer, and Mispa CXL Pro Analyzer. We work with the most renowned companies in the industry such as Horiba and Mispa, to procure analyzers of the highest quality standards and meet the demands of the market. After procurement, we ensure to make the timely delivery of products, which not just help in delighting customers but also in tackling the high competition of the industry,.

To handle the entire business process efficiently, we have qualified team members who are excellent at their work. Our expert team comprises coordinators, quality controllers, procurement agents, and sales professionals. All of them work together as one team to meet the requirements of our clients. We have been expanding our business as a reliable trading organization in the industry and are looking for new opportunities to prosper.

We have developed a well-equipped warehousing & packaging unit in Delhi, India. We have divided our warehouse into several sections to store our procured products categorically and systematically. This also helps us in the easy identification and retrieval of the products at the time of delivery. Our warehouse is well-connected with several means of transportation all of which help us to deliver the consignments on time. Besides the proper storage of products, we pay utmost care to properly pack them before delivery to our esteemed clients. We have directed our packaging experts to make use of optimum quality materials such as polythene, cardboard boxes, thermocole and wooden boxes for packing the consignments that have to be delivered to the clients.
