## About Us

Vision Systems was founded in the year 2013 by Mr. Santosh Kulkarni who has specialization in the field of energy efficient HVAC systems. Our company has entered in this domain with immense knowledge and experience in Chilled Water Centralized Air Conditioning Systems and Retrofitment Services. We are a reliable and result oriented manufacturing and solution providing company which is focusing on introducing energy efficient and cost effective HVAC systems.

By considering the changing global needs, we as a manufacturer started producing supreme quality Ventilation Unit With EC Fan, Industrial VRF System, One Way Cassette AC, Electronically Commutated Fans, High Efficiency EC Fans, Air Conditioner Handling Unit, etc. We are engaged in designing, supplying, installing, testing and commissioning HVAC systems for industrial as well as commercial sectors. Further, we are also rendering AMC Services to the clients. The growing popularity of our excellent products and reliable solutions enabled us to become an authorized channel partner of EBM EC Fans and VRF, Split Air Conditioning Units & Chillers of Mitsubishi brand.

## Key Facts

<b>No of Staff</b>	12
<b>Year of Establishment</b>	2013
<b>No of Production Lines</b>	16
<b>OEM Service Provided</b>	No

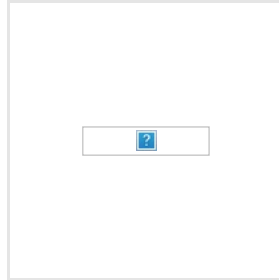

**Our Products**

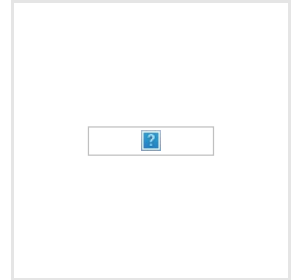

**Ventilation Unit With EC Fan**

**Mitsubishi Split AC**

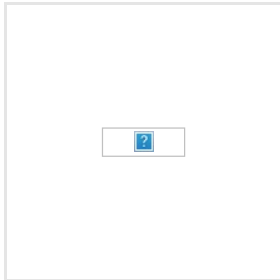

**Ductable AC**

**Cassette AC**

**Dual VRF Piping Systems**

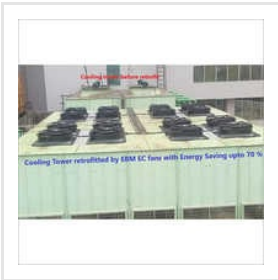

**Split AC**

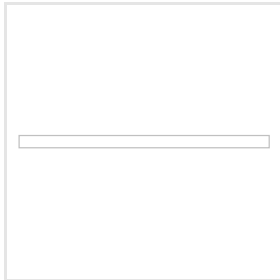

**EC Fan**

**Chilled Water Systems**

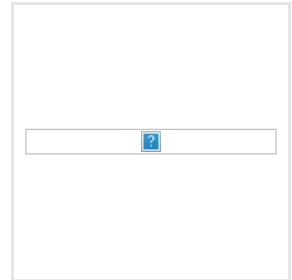

**Retrofitment EC Fan**

**Exhaust Air Unit With Ec Fan With Bms**

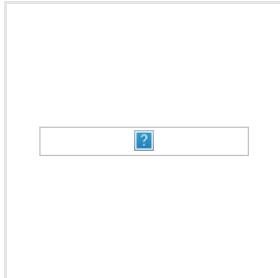

**Industrial VRF Systems**

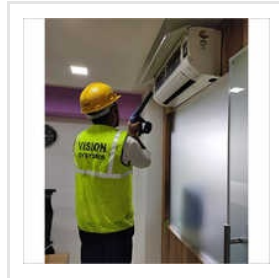

**Industrial VRF Piping Systems**

**SITC Maintenance Of Chilled Water System**

**AMC Of CHW System**

**AC AMC Services**

**Energy Efficient EC Fan**
