About Us

Marken Healthtech Private Limited was formed in 2018 with the name Mark Enterprises. Since inception, we have been passionately running our operations with a vision to provide easily accessible and dependable Cold Chain Solutions for the Healthcare Sector. We have become a renowned manufacturer and exporter of Solar Direct Drive Refrigerator, Ice Lined Refrigerator, Blood Bank Refrigerator, Laminar Air Flow, Gel Card Incubator, Laboratory Autoclave, Ultrasonic Cleaner, Pediatric Bed, etc.

We perform our job duties with an unwavering commitment to quality and focus on gaining complete satisfaction of customers. This has earned us recognition and accreditation from many renowned names of the market, including the All State Governments, Central government of India, Research Institutes, Defense forces, and more. We design our entire range of products by keeping in mind the need for a comprehensive ecosystem in Medical Cold Chain Equipment and the Healthcare Sector. Furthermore, we render dependable after sales services for all the offered products.
