## About Us

Owing to 54 years of hard work, today, we, Mitachem Pulveriser Industries, are standing at the top position in the global market. Specialized in designing and engineering highly efficient mixing, drying as well as sieving systems, we have become a popular brand in the market. Our exceptional array of defect free Pulverizers, Tray Dryers, Fluid Bed Dryers, Ice Crushers, Lums Cutters, etc. have played a key role in success of our company. Their perfect fabrication, high performance and quality is appreciated worldwide.

We work as a manufacturer and exporter of such systems and equipment under the constant vigil of our mentors Mr. D.C. Shah and Mr. Sunil D. Shah. Both of them motivates us to bring forth innovation and excellence at the forefront of market. Not just this, they also inspire us to engineer better machines for our clients. By following their guidance, we perform with absolute perfection and provide highest gratification to our patron family.
