About Us

In 2005, Mr. Yash Bhuva laid the foundation stone of our company, Shivam Enterprise, and since then, we have been passionately meeting the requirements of customers. We have secured our position among the most reliable manufacturers and traders of Dyes, offering Pigment Red, Pigment Parrot Green, Pigment Yellow 13, Pigment Green 7, Pigment Violet 27, and many other colors. We are running our operations with complete passion, determination, and honesty; and as a result, registering incredible results. Our dye colors are extensively demanded in the textile industry for creating products of various color shades. Their qualities such as accurate composition, moisture-free nature, longer shelf life, and excellent pigmentation make them extensively demanded by customers.

We understand that packaging plays a crucial role in enabling us deliver our dyes to customers in the same supreme quality as prepared. Therefore, we pay attention to perfectly packaging our products and delivering them to customers in the finest condition. We make use of sealed, air-tight materials that prevent the packed pigments from moisture, impurities, and various factors that are threat to the quality.
