

# 4G And 5G Products

Customer faith well-kept for lifetime.

2G, 3G And 4G Serial Device Server, 2MIS Industrial Grade Switch, 8 Channels AI Remote IO Controller, 8 Channels RS485 HUB Remote IO Controller, Advanced 4G IoT Gateway, Battery-Powered Wireless Temperature Sensor, CT-Powered Wireless Temperature Sensor, DIN-Rail LoRa Device, DIN-rail 4G CAT1 DTU with RS485 Interface, Ethernet-based Remote IO Controller, Industrial Modbus-to-Ethernet IoT Gateway, Industrial RS485 to Ethernet Modbus Gateway, LoRa Gateway with TCP Output, RS422 Multi-Protocol Hub, etc.

**WIRELESS BUS BAR SURFACE  
TEMPERATURE MONITORING  
SYSTEM**

**CT-POWERED WIRELESS  
TEMPERATURE SENSOR**

**BATTERY-POWERED WIRELESS  
TEMPERATURE SENSOR**

## About Us

Welcome to IDT Innovation Technologies Private Limited, a trusted name in advanced industrial communication and networking solutions. Based in Nagpur, Maharashtra, India, we are engaged as a manufacturer, exporter, and supplier of high-performance technology products designed to support industrial automation and connectivity. Since our establishment in 2022, we have been delivering reliable and future-ready solutions that help industries improve operational efficiency, communication stability, and system integration. Our product portfolio includes Fiber Optic Devices, Industrial Grade Switch, Modbus Gateway, WiFi Devices and Wireless Bus Bar Solutions developed to meet evolving industrial requirements across diverse sectors.

We focus on creating products that combine innovation, durability, and technical excellence. Our solutions are engineered using modern manufacturing practices and quality-tested components to ensure long-lasting performance in demanding industrial environments. We understand the importance of uninterrupted communication and secure data transmission in industrial operations, which is why our products are designed to deliver dependable functionality, high-speed connectivity, and seamless integration.

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>No of Staff</b>	15
<b>Year of Establishment</b>	2022
<b>OEM Service Provided</b>	No
<b>Memberships</b>	Udyam Registration

**Our Products**

**RS485-Based Remote IO Controller**

**Ethernet-Based Remote IO Controller**

**SenseLive E7010A Remote IO Controller**

**SenseLive X5050D Modbus Gateway**

**X7050D Industrial Wi-Fi Serial Server**

**SenseLive X7777 Modbus Gateway**

**SenseLive X6600 2 Port Isolated Device Server**

**SenseLive X5050 Industrial IoT Modbus**

**SenseLive X5070 Modbus Gateway**

**SenseLive X6000 Modbus Gateway**

**SenseLive X9900 Modbus Gateway**

**X7090 WiFi Serial Device Server**

**Industrial RS485 To Ethernet Modbus**

**SenseLive X6070 Modbus Gateway**

**8 Channels AI Remote IO Controller**

**Ethernet-Based Remote IO Controller**
