

## "COPS WINDER/PINEAPPLE WINDER MACHINE"

**"Strength in Every Strand, Innovation in extrusion."**

---

## Introduction.

---

**Shreeji Plastomech** is a leading manufacturer of advanced Cops Winders, specially designed for winding monofilament fibers onto cylindrical spools or "cops." These machines are essential for maintaining uniform tension and precise winding, ensuring the monofilament remains tangle-free and ready for use in applications like fishing lines, medical sutures, and industrial textiles. The Cops Winders from Shreeji Plastomech are equipped with cutting-edge technology that guides the monofilament through tension-controlled systems, using a rotating spindle to wind the fiber efficiently. With their ability to optimize winding speed and consistency, Shreeji Plastomech's Cops Winders offer exceptional reliability, making them an indispensable tool in industries that require high-quality monofilament production.
