

Landscape Architecture Design Concept

Multi-Angle Garden Layout & Plant Specimen Visualization (1000x1000 Grid)

Landscape Design Perspectives

View Identifier	Perspective Label	Architectural & Botanical Description
A	Elevated Plan	Top-down blueprint displaying the complete square garden geometry, central turf expanse, and perimeter green buffers.
B	Entryway	Framed timber pergola entrance looking inward toward the expansive central lawn and lush boundary hedges.
C	Rear Patio	Perspective from the rear wooden deck looking across the lawn toward the timber pergola structure.
D	Perimeter Hedge	Close-up botanical focus highlighting layered evergreen shrubs, conifer specimens, and accent foliage.
