

Multi-Angle Plant Arrangement Analysis

ARCHITECTURAL & 3D VISUALIZATION ASSESSMENT REPORT

A: FRONT VIEW

B: RIGHT SIDE VIEW

C: LEFT SIDE VIEW

D: BACK VIEW

View Breakdown

- **A: Front View** – Displays the tall braided trunk Money Tree on the right, the dark brown Fiddle Leaf Fig on the left background, and the compact red-leafed Aglaonema in the front white pot.
- **B: Right Side View** – Rotated view showing the spatial depth between the tall center plant and the background Fiddle Leaf Fig.
- **C: Left Side View** – Highlights the Fiddle Leaf Fig shifted to the right background behind the red Aglaonema.
- **D: Back View** – Reveals the rear arrangement where foliage density and pot

Design Composition

- **Visual Hierarchy:** The tall Money Tree acts as the vertical anchor, while the medium-height Fiddle Leaf Fig adds mid-level volume.
- **Color Contrast:** Vibrant green foliage is contrasted sharply by the striking red tones of the front Aglaonema plant.
- **Pot Symmetry:** A balanced mix of matte beige, rich dark brown, and pristine white rounded tapered pots providing a modern aesthetic.

placement create a complete 360-degree decorative cluster.

- **Application:** Ideal for interior styling, architectural rendering portfolios, and professional 3D asset catalogs.
