About Us

Watertec Enterprises is a prestigious business company, providing water and wastewater treatment solutions to various industries. Established in 2015, we have been consistently delivering high quality water treatment solutions to municipal projects, turnkey solutions to industries and other services. With more than a decade experience in the industry, we have earned a respectable position in the industry as a **manufacturer, supplier and trader of Effluent Treatment Plants, Watertech Industrial RO System, ElectroDeionization Water Plant, Solar RO Plant, Watertec RO Demineralized Plant, Watertec STP Plants** and many other products. Our wide spectrum of products is designed with cutting-edge technology and in compliance with global water treatment quality parameters. We provide cost-effective and leading edge solutions that meet our clients demand of quality water requirements. We are also trusted in the market as a service provider, which holds specialization in providing ETP Installation Services, STP Installation Services, STP Installation Services, etc.

Our Scope Of Work

We have expanded our business to various horizons such as municipalities, hotels, resorts, power plants, chemical and pharmaceutical factories, textile industries and many others where safe drinking water is of utmost requirement. We design and install various water treatment products including large scale water plants like sewage treatment, etc. In the past 12 years of operation, we have installed more than 500 installations in India and are certainly proclaimed as one of the distinguished companies in the industry.

We emphasize on feasibility studies and complex front-end engineering design to manufacture water treatment systems and components and conduct our construction, installation and commissioning of complete plants. We also give maintenance services to our clients across broad scale water treatment value chain.

Our Work Process

Our work process that helps in serving **Effluent Treatment Plants, ElectroDeionization Water Plant, Watertech Industrial RO System, Solar RO Plant, Watertec STP Plants, Watertec RO Demineralized Plant, etc.**

Our Products

**Watertec ElectroDeionization
Water Plant**

Watertec Containerize RO System

**Watertec Industrial
RO System**

Watertec UF and RO Plant

Watertec Solar RO Plant

**Watertec RO DM Water
Treatment Plant**

Watertec RO Demineralized Water Treatment Plant

Watertec RO Demineralized Plant

Demineralized Water Treatment Plant

Watertec STP UF RO Water Treatment Plant

Watertec Package STP Plants
