# ABOUT US

We are a leading supplier of a wide range of Electrical Components including 'Electrical Distribution Products and Systems', 'Electrical Protection and Control Products', 'Industrial Automation and Control Products', and much more from leading brands like Schneider, L&T, Siemens, ABB, Socomec, Phoenix, Delta.

We enable the efficient flow of Electrical Components across various states within India as well as outside India. We manage complex supply chains to timely deliver products to our customers and meet their requirements.

BRIGHTLINE TRADING PVT LTD.

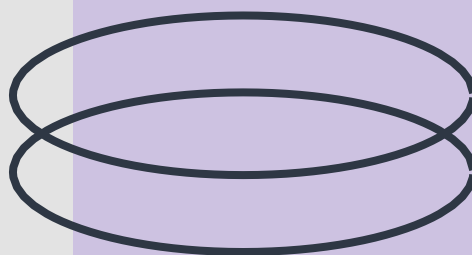

# WHAT WE DO

We are a pioneering firm that manage complex supply chains to timely deliver products to our customers and meet their requirements.

Keeping pace with the evolving needs and challenges of the fast-moving business world in today's digital era, we make procurement easy and hassle-free for businesses, with the best prices and on-time deliveries.

02

# KEY PRODUCTS

---

## **MCCB**

Molded Case Circuit Breaker (MCCB) offers protection against short circuit faults and is even used for switching the circuits.

---

Miniature Circuit Breaker (MCB) prevents damage to an electrical circuit due to excess current. They are designed to trip during an overload or short circuit to protect against electrical faults and equipment failure.

## **MCB**

---

## **RCCB**

A Residual Current Circuit Breaker (RCCB) instantaneously disconnects the circuit whenever the current leakage is detected.

# KEY PRODUCTS

---

## **Contactor**

The contactor ensures the electrical circuit of the instrument turns on and off in accordance with the power requirements of the equipment.

---

In combination with contactors, a Thermal Overload Relay provides reliable protection against overloads and phase failures for motors.

## **Thermal Overload Relay**

## **MPCB**

---

Motor Protection Circuit Breaker (MPCB) integrates low voltage circuit breakers as well as thermal overload relays functions, and facilitates the protection of motor branch circuits against overloads, phase-loss, and short-circuit, besides enabling secured wiring.

- MCCB
- MCB
- RCCB
- Contactor
- Thermal Overload Relay
- MPCB
- Changeover Switch

- Changeover Switch

- Variable Frequency Drives
- PLC Drives
- MCCB
- MCB
- Contactors

• Thermal Overload Relay

## • Inverters – AC Motor Drives:

- Compact Drives
- Standard Drives

- Servo Drive & Motor
- PLC

- HMI

- 
- Surge Protection Drives (SPD)
  - Terminal Block
  - SMPS– Power Supply
  - Industrial PC
  - PLC

# OTHERS

- Digital Panel Meters
- Time Relays
- Time Switches
- Indicator Lights
- Contactor Spare Parts
- Surge Protective Devices
- Changeover Switches
