

Pumping Solutions For Chemical/Pharma/Food/Beverage Industries

CHEMICAL PROCESS PUMPS

Capacity : Up to 600m³/Hr
 Head : Up to 100 Mts.
 Moc : SS-316(CF8M), SS-304(CF8), SS-316L(CF3M), Alloy-20, Hastalloy-B,C, Cast Steel(WCB), Castron, etc.
 Application : Organic / Inorganic Chemicals, Process Liquids, Solvents, Treated Effluent, Phosphates, Nitric Acid, Thermic Fluid Ammonia and Edible Oil Applications, Food Processing etc.

POLY PROPYLENE PUMPS

Capacity : Up to 100m³/Hr
 Head : Up to 60 Mts.
 Moc : Poly Propylene, UHMW-PE (Ultra High Molecular Weight Poly Ethylene)
 Application : Loading & Unloading of HCL, Dilute Sulphuric Acid, Caustic Liquid Scrubbing, Effluent Treatment, Descaling, Pickling in Steel rolling mills, Ejector Systems etc.,

Available in 1440 and 2900 RPM

UTILITY PUMPS

Capacity : Up to 600m³/Hr
 Head : Up to 100 Mts.
 Moc : Cast Iron, Cast Steel, SS-316(CF8M), SS-304 (CF8) etc.,
 Application : Cooling Towers, Brine Applications, Hot Oil Applications, Water Pumping, Fire Fighting, Effluent Evaporation Plants, Paper & Pulp etc.,

PVDF LINED / PTFE LINED PUMPS

Capacity : Up to 100m³/Hr
 Head : Up to 60 Mts.
 Moc : PVDF, FEP, PFA & PTFE
 Application : Very high corrosive liquids with greater temperature, chlorinated Solvents, aromatic, organic compounds, alcohols, Ejector System etc.,

SELF PRIMING PUMP

Capacity : Up to 100m³/Hr
 Head : Up to 60 Mts.
 Moc : SS-316 (CF8M), SS-304(CF8), Cast Steel (WCB)
 Application : De-watering, Drum Unloading, Effluent, Chemicals & Solvents From underground tank and Slurry etc.,

VERTICAL SUBMERSIBLE PUMP

Capacity : Up to 200m³/Hr
 Head : Up to 50 Mts.
 Moc : Cast Iron, Cast Steel, SS-316(CF8M), SS-304(CF8) etc.,
 Application : Sewage & Sludge, Industrial Chemicals, Fertilizers & Effluent Under ground Solvent tanks, Highly Volatile Liquids.

Sturdy Design, Long Life, Low Maintenance, High Efficiency

VERTICAL GLAND PUMPS

Capacity : Up to 100m³/Hr
 Head : Up to 70 Mts.
 Moc : Poly Propylene, UHMW-PE
 Application : Corrosive and Abrasive Fluids, Suitable for Scrubbers and Ejector Systems and Effluents etc.,

Without stuffing box & Seal leakproof and maintenance free pumping

- Special Applications Pumps are available on request
- All Pumps are available in 1440 & 2900 RPM
- All Metallic Pumps available with open / Semi Open Impellers to handle slurries
- All standard pumps are available with ex-stock delivery
