About Us

Harko Engineers is one of the fastest-growing manufacturers, suppliers, and traders of quality products. Our company is headquartered in Chinchwad, Maharashtra, India and since 2020 has been providing an exceptional product range including 2 Ton Corner Crimping Machine, Stainless Steel Water Leak Testing Machine, Material Handling Trolleys, Mild Steel Storage Tank, 20MM Sheet Metal Cutting Machine, and more. By using the newest technologies and advanced machines, we constantly improve and update product designs according to the market requirements.

Using the finest quality material, the offered range is developed and praised by our customers for its simple design, durability, lightweight and seamless finish. These products are offered by us at competitive rates, which is one of the advantages of being the expert manufacturer and supplier. Under the constant and effective guidance of our mentor, Mr. Nilesh Pawar (Director), we have come a long way and established ourselves as a leader in the market. Due to his years of practice and industry knowledge, we have well-served customers and mustered a huge clientele in this industry.
