About Us

We, **Premix Industries**, are an incredibly popular **manufacturer** and **supplier** in the market. Many construction experts and other professionals choose to partner with our enterprise on a regular basis. The USP of our business enterprise is our excellent range of **JK Floor Tiles Adhesives, White Cements, Gypsum Powder, Krayons Wall Putty**, etc. These are offered to all at reasonable prices, with a guarantee of high quality and purity. No low quality product is delivered to clients at any given time. The entire collection is quality tested before the dispatch of the same. We work with the support of our talented team, sister concern (**JK Protomax**) and many more business associates. This massive support in the competitive domain has helped us in satisfying our clients to the fullest and making a name for ourselves. To benefit our clients, we also pledge to render them with a top class list of customer services at all times.

Our company is backed with the constant support of a talented team. Individuals working at our premise prioritize customer satisfaction and quality work. They make sure that each client is offered with best grade JK Floor Tiles Adhesives, Krayons Wall Putty, etc. Not just this, our team stays in constant touch with clients, in order to understand their future needs perfectly. In accordance to the same, they work on modifying our range as per the demands of clients. This team also executes customer services in the best way.

Our state of the art infrastructure facility is based at Uttar Pradesh. The facility is carefully installed with top machines and equipment, which makes it easier to produce a reliable range for clients. The premise owned by our company is standing tall on a large area of land, and its spaciousness of the facility allows us to maintain a smooth flow of work.
