About Us

1984 was the year when Shri Vardhn Mohatta (Director) has decided to start up a company known as Shri Radhika Nonwoven Private Limited. Settled in Jaipur, Rajasthan (India), we are a Limited Company which is recognized all over the country as a distinguish manufacturer and trader. Having so many years of experience, our company has gained specialization in manufacturing different kind of products made up of felt textile such as Drum Beater Felt, Felt Seal, Needle Punch Felt, Wool Polishing Felt Product, Woolen Felt, Woolen Felt Hand Bag, etc. For ensuring that the products are free from any kind of flaws, we examine them rigorously on the basis of several parameters.

As per the multiple functions performed in our company, we have segmented the infrastructure into various departments for raw material procuring, production, quality testing, sales & marketing, packaging & storage, etc. To meet the urgent and large scale requirements of the clients, we have installed hi-tech machinery in the premise to assure smooth & speedy operations. The personnel associated with us are excelled in their respective fields which empower us to stay one step ahead from the contemporaries. Further, usage of good quality material & effective techniques for packaging enable us in delivering the consignments to client's destination without any damage.
