About Us

In recent years, fiber reinforced plastic (FRP) or glass reinforced plastic (GRP) has become the favorable material for structural use. It has various applications which range from the transportation of oil to the building gangways. Because of this, FRP/GRP products have a huge demand all around. To fulfill these demands, we - NJ Engitech, got established in the year 2020. Our head office is based in Surat, Gujarat, India from where we are operating as Manufacturer, Supplier, Trader, Wholesaler, and Retailer. Our product range includes Black Color FRP Drain Cover, FRP Solar Walkway System, FRP Handrail For Balcony Staircase, Corrosion Resistant Lightweight FRP Gratings, and others.

In a quick time, we have become a leading supplier of these FRP/GRP products in all parts of India. Our entire portfolio can be summed into Fiberglass Reinforced Plastic (FRP) Pultruded & Hand Molding Products. Our specialization is in supplying Pultruded Sections, along with which we provide the necessary support to the clients in choosing the right products for the right application. NJ Engitech has good experience in a wide domain, ranging from concept creation of the FRP GRP Walkway to the development of new products. Leveraging on this experience, the company was started. Today, we are progressing at a good pace with our commitments of ensuring timely delivery of orders, complete quality compliance, quick response to queries/complaints, excellent services, and high client satisfaction rate.
