About Us

Peace Enterprises is a corporate entity, which has recently stepped in the trade world with the intention of fulfilling requirements of customers for quality assured **Coriander Powder, Toor Dal, Palm Oil, Indian Raw Spices, Non Basmati Rice** and many other products. Our market tie-ups and strong shipment network help us to serve offered products to a large number of customers and thereby hold position of a leading trader and supplier. The quality of our products is incomparable, no company in the market can serve such a superior quality range at reasonable prices. Our spices, rice and lentils are organically grown, their shelf life, rich taste and natural aroma bring to us their repeated orders from several parts of the market. Further, we are careful about right packing of offered range, as it plays a huge role in ensuring safe shipment. We bring and use high quality sacks, polybags and any other material to pack our product-line. On the packs of our offerings, we always update information such as product name, manufacturing date, expiry date, quantity packed, batch number, etc.

From the business city of India, Mumbai, we, Peace Enterprises, are supplying quality approved White Basmati Rice, Indian Raw Spices, Palm Oil, Masoor Dal, Coriander Powder and many other products. Ours is a sole proprietorship company, working with clear approaches to well-serve every customer. The products that have been added in our portfolio are repeatedly tested on several parameters to have complete assurance about the quality. Further, our company is capable of taking up bulk or urgent orders of customers and fulfilling the same with delays or quality compromises. We seek to grow in the business line and have long presence and for this, we always take feedback of customers and consider it important.

Our Products Quality

In the entire business market, quality of our **Palm Oil, Indian Raw Spices, Coriander Powder, Toor Dal, Non Basmati Rice**, etc. is extensively praised. We remain focused and passionate about delivering the best to customers in return of the hard earned money. Our products are repeatedly examined, before packaging and supplying to respectable clients. Some of the basic and common parameters on which all our food products are tested include purity, shelf life, taste, etc.
