SINGLE PHASE ANALOG AMPERE METER

AA1412 FAULT ANNUNCIATOR UNIT

ELECTRICAL METAL CONTROL PANEL HINGES

About Us

Hari Om Electric Company ranks among the leading traders of many Electrical & Electronic Testing and Measuring Instruments, and Control Panel Board Accessories. We enjoy a reputation in the market by meeting the requirements for Ampere Meter, Annunciator Unit, Square Type Current Transformer, Earth Strip Insulator, DMC Terminal Strip, Electrical Timer, Eye Bolt, Lifting Hook, Potential Transformer, and many other products. Every product that we have in our online and offline showrooms is assured of having excellent quality and conforming to industry norms. Our products are praised for their right construction, resistance against wear and tear, durability, and splendid finishing. We procure our products from established brands that are famous for their quality-assured offerings and innovation.

We deal with products from an ISO 9001:2018 certified brand, Asian. They deal with a range of substation equipment in over 15 countries across the world. The company has all the required licenses and type test reports to supply Transformers, Isolators, CTs, VTs, and many others in domestic and international markets. Asian is trusted for selling substation equipment in the EHV range up to 170 kV voltage class. The brand has supplied its products to many renowned names in the market, such as BSES, RDS, Tata Power DDL, PDIL, BSPHCL, NTPC, KSEB, CPWD, PWD, PDIL, and many others. In addition, we have made associations with brands such as Nippen, AE, Surdhi, Salzer, Piri, Veritek Engg Pvt. Ltd., Shreem, Kalin, and El Measure to procure and supply their products that are extensively trusted in the market.

Nothing can replace the role of customer satisfaction for a company that desires success. Being aware of this, we carry out our practices in a manner that delight customers and fulfill their requirements related to Square Type Current Transformer, Earth Strip Insulator, Ampere Meter, Annunciator Unit, DMC Terminal Strip, Electrical Timer, Eye Bolt, Lifting Hook, Potential Transformer, and many other products. These products are offered in many sizes, specifications and shapes that enable us to meet market demands. Further, we offer excellent support to customers by providing after sale installation services for products. Our clarity in deals helps us gain trust; further, with our competitive rates, acceptance of payments via multiple modes, and timely delivery schedules, we turn our buyers into loyal clients.

Key Facts

No of Staff	6
Year of Establishment	2003
OEM Service Provided	No

Our Products

Block Type Embedded Current Transformer

AS42415 Ring Type Resin Cast Low Tension

Electric Current Transformer

Square Type Current Transformer

SMC And DMC Insulator

DMC - SMC Epoxy Insulator

Bar Type Embedded Current Transformer

Electrical Control Panel Hinges

Block And Bar Type Embedded Current

Electrical Block Type Embedded Current

Resin Cast Low Tension Current Transformer

Cast Low Tension Current Transformer

Earth Strip Insulator

Epoxy And DMC HT Insulator

DMC Terminal Insulator

TPN-50 (M10) DMC Terminal Strip
