## INTRODUCTION

GRK Engineering India Pvt Ltd introduces itself as one of the leading EPC contractors for oil and gas projects. GRK GROUP of Companies were established in the year 2009, under the entrepreneurial spirit of the Managing Director Govinda Ravi Kumar who has around 15 years of experience in the areas of Fabrication & Erection of Structural, Piping and Civil Construction works.

GRK commenced business in the field of steel fabrication work, subsequently diversified to the various EPC works of Civil and Mechanical Projects.

Business with M/s. Hindustan Shipyard Limited changed the gears and company entered in the Cross-Country Pipeline works in 2010. The company got major boost when it spread the wings to start the Gas pipeline works for M/s. CAIRN India. The growth in the pipeline construction and services by us have made GRK the Prime Structural, Steel , Pipeline Construction and cross country pipeline contractors in SBC, HSL, and Pharma City. Apart from this, we also provide services in carrying out Civil Construction Works in various Industries and Commercial Complexes.

Since then, GRK has been serving local and Foreign clients and have successfully completed projects in India, Singapore, Malaysia, Indonesia and Middle Eastern countries. We are actively involved with different projects from conceptual planning to commissioning and provide all kinds of support services from managerial level down to technicians of your preferred nationality.

Over a period of 9 Years it has grown exponentially based in Visakhapatnam. Today, the company enjoys a strong presence in Visakhapatnam real estate and extending its prevalence to Kakinada.

It has taken large strides to attain a name for itself both in the industry and in the market, equipped with the latest State-of-the-Art Infrastructure facilities and trained Qualified Professionals & Skilled Manpower to cater to the dominant changing housing needs of the society.

GRK Engineering (India) Pvt Ltd has always Promoted & Designed Quality Living Spaces / Accommodation and Rendered Quality Services and also believes in Quality work leading to optimum customer satisfaction.
