About Us

New India Trading was started in 1995 to meet the market demands for various types of solvents, thinners, and industrial chemicals. Since then, we have been manufacturing and supplying products like NC Paint Thinner, Di Acetone Alcohol Liquid, Lamination Thinner Solvent, Methylene Dichloride MDC, Pu Thinner Polyurethane Thinner, Isopropyl Alcohol IPA, Ethyl Acetate Solvent, Enamel Thinner, Distilled Mixed Solvent, and Butyl Acrylate Monomer. By supplying the finest quality products, we have earned a goodwill in the market. We are fulfilling the requirements of customers and gaining their loyalty for continuous business .

We have mastered ourselves in manufacturing high quality thinner. With the support of our sharp team and sound facilities, we provide the best quality of thinner at the most reasonable rates. We function from our Bhiwandi-based setup, which is in the outskirts of Mumbai and a hub of all the transport companies. The setup is linked to major highways, enabling us in making timely delivery of goods to customers, without facing any delay.
