

किसान समृद्ध तो देश समृद्ध

**HEXA AGRO INDUSTRIES**

# About Hexa Agro Industries

Welcome to **Hexa Agro Industries**, a leading provider of high-quality agro products, fertilizers, and biopesticides. With a deep-rooted commitment to sustainable agriculture and environmental stewardship, we pride ourselves on offering innovative solutions that empower farmers to achieve higher yields while preserving the vitality of our ecosystems.

**Vision :**At **Hexa Agro Industries**, our vision is to revolutionize modern agriculture through advanced agro products and technologies. We strive to be a catalyst for change by fostering a harmonious balance between productivity and ecological harmony. Through continuous research, ethical practices, and farmer-centric solutions, we aim to shape the future of agriculture for the betterment of all.

**Mission :**Our mission is to empower farmers with effective and eco-friendly solutions that optimize crop health and yield. By harnessing the power of cutting-edge technology and natural processes, we are dedicated to providing products that enhance the sustainability and profitability of farming operations. We are committed to continuous innovation, transparent communication, and fostering strong relationships within the agricultural community. **Core Values:**

**Innovation :** We are driven by a passion for innovation, constantly seeking new and improved ways to enhance agricultural practices.

**Sustainability :** We are committed to promoting sustainable farming methods that respect the environment and future generations.

**Quality :** We maintain rigorous quality standards to ensure that our products deliver consistent, reliable results to our customers.

**Collaboration :** We believe in collaborating with farmers, researchers, and industry partners to collectively address the challenges of modern agriculture.

**Integrity :** Honesty, transparency, and ethical conduct are the cornerstones of our interactions and business practices. **Why Choose Us:**

**Extensive Expertise :** Our team of experienced agronomists and researchers is dedicated to offering solutions based on the latest advancements in the field.

**Eco-Friendly Solutions:** We prioritize the development of bio-pesticides and fertilizers that minimize harm to the environment and promote sustainable farming.

**Customer-Centric Approach:** We listen to our customers, understand their unique needs, and tailor our products to address their specific challenges.

**Results-Driven:** Our products are designed to deliver tangible results, helping farmers increase their yields and profitability.

Join us on our journey to cultivate a greener and more prosperous future for agriculture. Discover how **Hexa Agro Industries** is redefining the landscape of modern farming.

Feel free to customize the content to align with your company's specific values, goals, and offerings.

## **Flower Plus** (Flowering Stimulant)

- Content** : Carboxylic Acid & Folic Acid
- Function** : Increase flowers quantity and prevents pre  
: dropping fruits and flowers
- Dose** : 10 ml in 15 ltr of water
- Application Time** : At and after flowering / Fruiting
- Packing** : HDPE Bottles 50 ml, 100 ml, 250 ml, 500ml, 1 Ltr
- Bulk Packing** : 200 liter HDPE Container

## **Hulk** (Organic Pesticide)

- Content** : Alkaloid and salt of fatty acid with mixture  
of wild plant oil and Dhatura Extract
- Function** : Control all Larva, Helliiothis & Spodoptera
- Dose** : 20 ml in 15 ltr of water
- Special Function** : Add PGR content
- Application Time** : At the time of pest seen mixing with any  
pesticide, fungicide, PGR
- Packing** : HDPE Bottles 20 ml, 50 ml, 100 ml, 250 ml, 500ml, 1 Ltr
- Bulk Packing** : 200 liter HDPE Container

## **Astu Super** (Bio Plant Protector)

- Content** : Alkaloid and salt of fatty acid with mixture of wild  
plant oil and Extracts
- Function** : Control all Larva, Helliiothis & Spodoptera, fruit  
Boror, Shoot boror
- Dose** : 5 ml in 15 ltr of water
- Application Time** : At the time of pest seen mixing with any pesticide,  
fungicide, PGR
- Packing** : HDPE Bottles 20 ml, 100 ml,
- Bulk Packing** : 50 Ltr HDPE Container

## Ajooba (Bio Plant Protector)

<b>Content</b>	: Alkaloid and salt of fatty acid with mixture of wild plant oil and Dhatura Extract
<b>Function</b>	: Control all Larva, Helliiothis & Spodoptera
<b>Dose</b>	: 20 ml in 15 ltr of water
<b>Special Function</b>	: Add PGR content
<b>Application Time</b>	: At the time of pest seen mixing with any pesticide, fungicide, PGR
<b>Packing</b>	: HDPE Bottles 20 ml, 50 ml, 100 ml, 250 ml, 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## Formate (Organic Pesticide)

<b>Content</b>	: Alkaloid and salf of fatty acid with mixture of wild plant oil and Sulphonated Castor oil
<b>Function</b>	: Control all Larva, Helliiothis & Spodoptera
<b>Dose</b>	: 20 ml in 15 Liter Pump
<b>Special Function</b>	: Add PGR content.
<b>Packing</b>	: HDPE Bottles 50ml, 100 ml, 250 ml, 500 ml, 1 Ltr.
<b>Bulk Packing</b>	: 200 Liter HDPE Container

## Vinashak (Organic Pesticide)

<b>Content</b>	: Alkaloid and salt of fatty acid, oil of wild plants and mixture of organic matter
<b>Function</b>	: Control Thrips, Mites, White fly, Aphid, Jassid, & All types of sucking pests etc
<b>Dose</b>	: 20 ml in 15 ltr of water
<b>Application Time</b>	: At the time of pest seen mixing with any pesticide, fungicide, PGR
<b>Packing</b>	: HDPE Bottles 20 ml, 50ml, 100 ml, 250 ml, 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## **Kill-Bill** (Organic Pesticide)

- Content** : Alkaloid and salt of fatty acid, oil of wild plants and mixture of organic matter.
- Function** : Control Thrips and Red Mites
- Dose** : 20 ml in 15 ltr of water
- Application Time** : At the time of pest seen mixing with any pesticide, fungicide, PGR
- Packing** : HDPE Bottles 20 ml, 50 ml, 100 ml, 250 ml, 500ml, 1 Ltr
- Bulk Packing** : 200 liter HDPE Container

## **Fly Out** (Organic Pesticide)

- Content** : Alkaloid and salt of fatty acid, oil of wild plants and mixture of organic matter
- Function** : Control White fly and Red Mites
- Dose** : 20 ml in 15 ltr of water
- Application Time** : At the time of pest seen mixing with any pesticide, fungicide, PGR
- Packing** : HDPE Bottles 50ml, 100 ml, 250 ml, 500ml, 1 Ltr
- Bulk Packing** : 200 liter HDPE Container

## **Nuclear** (Organic pesticide cum Miticide)

- Content** : Eucaliptus, Crysanthemim and Sulphonated Castor Oil Alkaloid
- Function** : Control sucking pests like Aphid, Jassid, Whitefly, Thrips, Mites etc. Control Larva like Helliiothis, Spodoptera, Shoot Borer, Fruit Boror and other larva. Increase growth and greenery of the plants.
- Dose** : 20 ml in 15 ltr of water
- Application Time** : At the time of pest seen mixing with any pesticide, fungicide, PGR
- Packing** : 20 ml, 50 ml, 100 ml, 250 ml
- Bulk Packing** : 25 kg Drum Or 50 Ltr Container

## **Dr. BPH** (For Paddy BPH Control)

<b>Content</b>	: Neem Extract with Special Oils
<b>Function</b>	: Control Brown Plant Hopper for Paddy Crop
<b>Dose</b>	: Liquid 250 ml for One Acre Powder 100 Grm for One Acre
<b>Application Time</b>	: At the time of pest seen
<b>Packing</b>	: 250 ml, 500ml, 1 ltr / 50 Gr, 100 Gr
<b>Bulk Packing</b>	: 200 liter HDPE Container /25 kg Bag.

## **O-zone** (Organic Fungicide)

<b>Content</b>	: Alkaloid and salt of fatty acid, with some special oil
<b>Adjuvants Function</b>	: Control Rust, Powdery Mildew, Downy Mildew, Leaf Spot, Anthracnose etc.
<b>Dose</b>	: 20 ml in 15 ltr of water
<b>Application Time</b>	: At the time when fungus seen mixing with any pesticide, fungicide, PGR
<b>Packing</b>	: HDPE Bottles 50ml, 100 ml, 250 ml, 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## **Hexa Copper** (Liquid Copper Solution)

<b>Content</b>	: Liquid Copper Solution
<b>Function</b>	: Copper Functioned as a Fungicide and Growth Promoter
<b>Dose</b>	: 30 to 40 ml in 15 Ltr of water
<b>Application Time</b>	: Any time, Any stage
<b>Packing</b>	: 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## **Vikash Gold** (Flowering Stimulant)

- Content** : Cytokinin, Enzymes & Vitamins
- Function** : Increase flowers quantity and prevents pre  
: dropping fruits and flowers
- Dose** : 15 ml in 15 ltr of water
- Application Time** : At and after flowering / Fruiting
- Packing** : HDPE Bottles 100 ml, 250 ml, 500ml, 1 Ltr
- Bulk Packing** : 200 liter HDPE Container

## **Trust** (Growth Promoter)

- Content** : Amino Acid, Plant Enzymes and Vitamins
- Function** : Increase growth and flowers Quantity, Promoters  
dropping of fruits and flowers, it is mainly used in  
cumin crop for development plant leaf and leaves  
with quality and quantity of product.
- Dose** : 30 to 40 ml per 15 Liter water
- Application Time** : At any time
- Packing** : 250 ml, 500 ml, 1 liter
- Bulk Packing** : 200 liter HDPE Drums

## **Laher** (Plant Growth Regulator)

- Content** : Humic Acid, Amino Acid, Seaweed Extract, Fulvic  
Acid
- Function** : Very Effective Plant Growth Regulator with  
Hormones and Vitamins
- Dose** : 30 to 40 ml per 15 Liter water
- Application Time** : At any time
- Packing** : 100 ml, 250 ml, 500 ml, 1 liter
- Bulk Packing** : 200 liter HDPE drums

## **Nutri Power** (Growth Promoter)

<b>Content</b>	: Bio Organic Zyme with 16 Micronutrients
<b>Function</b>	: Increase Growth and Flowers Quantity, Promoters Dropping of Fruits and Flowers, It is mainly used in Cumin Crop for Development plant Leaf and Leaves with Quality and Quantity of product. To control normal Fungus.
<b>Dose</b>	: 40 to 50 ml in 15 ltr of water
<b>Application Time</b>	: Any time, Any stage
<b>Packing</b>	: 100 ml, 250 ml, 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## **Chilli Super** (Organic Pesticide)

<b>Content</b>	: Contains organic based extract which has pesticide effects
<b>Function</b>	: Effective on all types of mites, Thrips, white fly, and all sucking pests. Increase Flower quantity and Prevents Flower Dropping and Increase all over plant Growth
<b>Dose</b>	: 20 ml per 15 Liter water
<b>Application Time</b>	: At any time
<b>Packing</b>	: HDPE Bottles 20 ml x 2 Nos. per box
<b>Bulk Packing</b>	: 200 liter HDPE Drums

## **Speed Max** (Silicon Spreader)

<b>Content</b>	: Silicon Spreader
<b>Function</b>	: Use with all pesticides & Fungicides as a Spreader and Sticker.
<b>Dose</b>	: 5 ml in 15 ltr of water
<b>Packing</b>	: 50 ml, 100 ml, 250 ml, 500ml,
<b>Bulk Packing</b>	: 200 liter HDPE Container

## **Hexa 12%** (Humic 12% Liquid)

<b>Content</b>	: Humic Acid, Amino Acid, Seaweed Extract
<b>Function</b>	: Increase growth of roots and plant branches Ultimately in increase growth of plant
<b>Dose</b>	: 30 to 40 ml in 15 ltr of water
<b>Application Time</b>	: Any time as foliar spray as Drinching
<b>Packing</b>	: 250 ml, 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## **Energy** (Flowering & Growth Promoter)

<b>Content</b>	: Cytokinin and plant Enzymes
<b>Function</b>	: Increase flowers quantity Branches and all over Growth
<b>Dose</b>	: 20 ml in 15 ltr of water
<b>Application Time</b>	: At any time, any stage
<b>Packing</b>	: 100 ml, 250 ml, 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## **Hexa -Zyme** (Growth Promoter)

<b>Content</b>	: Bio organic Zyme, Seaweeds with Amino Acid & Humic Acid
<b>Function</b>	: Increase growth of Roots and plant Branches ultimately it increase growth of plants.
<b>Dose</b>	: 30 ml to 40 ml in 15 ltr of water
<b>Application Time</b>	: Any time, foliar spray or Drinching
<b>Packing</b>	: 100 ml, 250 ml, 500ml, 1 Ltr, 5Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## Hexa Neem

<b>Content</b>	: Neem Oil
<b>Function</b>	: Works as Anti feedent, Repellant and killer
<b>Dose</b>	: 3.50 to 4.00 ml per Liter of water
<b>Recommended Crops</b>	: Any Field Crops, Horticultural Crops, Fruit Crops.
<b>Application Time</b>	: At the time of pest seen OR before as a pre treatment
<b>Compatibility</b>	: Compatible with most of all pesticides/ fungicides/PGR
<b>Pack In</b>	: HDPE bottles
<b>Packing Available</b>	: 250 ml / 500 ml / 1 Lt / 5 Lt
<b>Bulk Packing Available</b>	: 200 Lt HDPE container

## Avatar (Nitrobenzene 35% W/W)

<b>Content</b>	: Nitrobenzene 35% w/w with plant Enzyme
<b>Function</b>	: Increase Growth and Flowers Quantity, Promoters Dropping of Fruits and Flowers,
<b>Dose</b>	: 30 to 40 ml in 15 ltr of water
<b>Application Time</b>	: Any time, Any stage
<b>Packing</b>	: 100 ml, 250 ml, 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## Magnet (Sticking & Spreading Agent)

<b>Content</b>	: Sticking & Spreading Agent AG-30 Grade
<b>Function</b>	: Use with all Pesticides & Fungicide as a Spreader and Sticker
<b>Dose</b>	: 10 ml in 15 ltr of water
<b>Application Time</b>	: Any time, Any stage
<b>Packing</b>	: 100 ml, 250 ml, 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## Hexa Sulphur (Liquid Sulphur)

<b>Content</b>	: Liquid Sulphur Solution
<b>Function</b>	: Sulphure functioned as as fungicide and Growth Promoter.
<b>Dose</b>	: 40 to 50 ml in 15 ltr of water
<b>Recommended Crops</b>	: At field crops/ Horticulture Crops, Fruit Crops
<b>Application Time</b>	: Any time, Any stage
<b>Packing</b>	: 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## L.O.C. (Organic Nil Gai Animal Repellent)

<b>Content</b>	: Bad smell Plant Extract
<b>Function</b>	: In act as a best animal repellent. It is best for Repel Blue Bull (Nil gay) which damage field crops
<b>Dose</b>	: 35 ml in 15 ltr of water
<b>Packing</b>	: 100 ml, 250 ml, 500ml, 1 Ltr
<b>Bulk Packing</b>	: 200 liter HDPE Container

## Urea Ammonium Nitrate Liquid (UAN-32)

**Advantages** : "The only nitrogen fertilizer that contains three forms of nitrogen" Nitrate - provides instant action; Ammonium - in the process of nitrification passes into the nitrate form; Amide - as a result of the activity of soil microorganisms passes into the ammonium form and then into the nitrate form. Thus, UAN provides prolonged nutrition of plants with nitrogen. In view of the absence of free ammonia in the UAN, it does not evaporate into the atmosphere when applied, but the presence of an ammonium form still makes the minimum embedding desirable, especially in high temperature and no precipitation after application. The cost price of nitrogen in the UAN is the lowest, since nitrogen losses when applying UAN do not exceed 4% of total nitrogen, while applying granular nitrogen fertilizers they reach 60-75%.

**Product Characteristics** : Made with Bio Polymer Technology (BPT), Free from sodium, chloride & heavy metals, Very low crystallization temperature, Production process certified according to ISO 9001:2015 Easy to handle and apply

**Dosage** : Foliar Application: 3-4 ml per litre water

**Drip Application** : 500 ml per acre

**Recommended crops:** 1) For Fertigation: Grapes, Pomegranate, Banana, Cotton, Tomato, Onion, Sugarcane, Ginger, Turmeric, Watermelon, Floriculture and Protected Cultivation. 2) For Foliar application: All crops

## Ammonium Polyphosphate (Liquid DAP)

**Advantages :** 100% water soluble Phosphate-the form most efficiently utilized by plants.Long lasting non-leachable Nitrogen-the nitrogen is in the ammonium form, which resists leaching and provides nitrogen to the plant over a longer period of time.Low volatility-form of nitrogen and Phosphorus that resists volatility.Nitrogen and Phosphorus combination improves nutrient intake- ammoniacal form of nitrogen combined with Phosphorus helps the plants to utilize the Phosphorus more efficiently.Helps uptake of micronutrients - it contains Polyphosphate which sequester micronutrients in solution, making them more available for plant uptake.Easy to handle no bags to lift, break or dispose of pumps or gravity do the work.

**Product Characteristics :** Made with Bio Polymer Technology (BPT), Free from sodium, chloride & heavy metals, Very low crystallization temperature, Production process certified according to ISO 9001:2015 Easy to handle and apply

**Dosage :** Foliar Application: 3-5 ml per litre water Drip Application: 1 litre per acre Recommended crops: 1) For Fertigation: Grapes, Pomegranate, Banana, Cotton, Tomato, Onion, Sugarcane, Ginger, Turmeric, Watermelon, Floriculture and Protected Cultivation.

2) For Foliar application: All crops

## Potassium 46.5% Liquid

**Advantages :** High concentration of liquid Potassium (K<sub>2</sub>O 465 g/L) Potassium helps in maximizing quality for fruits with greater flavour, color and hardness. Potassium enhances starch and sugar accumulation making fruits sweeter. Plants need more potassium than any other nutrient with the exception of nitrogen potassium helps plants regulate water use, resist disease and maximize crop quality potassium increases the ability of plants to use all other nutrients correctly. Ideal as a foliar spray and also suitable for fertigation. No leaf burn or scorch due to extremely low salt index.

**Product Characteristics :** Made with Bio Polymer Technology (BPT), Free from sodium, chloride & heavy metals Very low crystallization temperature, Production process certified according to ISO 9001:2015 Easy to handle and apply

**Dosage :** Foliar Application Crop Type, General

Dilution rate per litre 2.25 ml

Application : 500 ml per acre Recommended crops: All crops

## 19:19:19+ Seaweed+ Micronutrients

**Advantages :** All purpose fertilizer to maintain nutrient balance throughout all growing season and compensate nutrient deficiencies quickly and efficiently. Provides uniformity of maturity. Fully water soluble balanced fertilizer enriched with micronutrients. Activates enzymes and promotes active and healthy development. Provides better cell division, cell enlargement and strengthens cell walls. Enhances seed germination, durability and protein content. Contributes to improved flowering, fruit set and fruiting. Helps improve the quality of crops and increases yields. Improves the taste, color and shape of fruit. Maintains nutrient balance.

**Product Characteristics :** Made with Bio Polymer Technology (BPT) Free from sodium, chloride & heavy metals Very low crystallization temperature Production process certified according to ISO 9001:2015 Easy to handle and apply

**Dosage :** Foliar Application Crop Type Dilution rate per litre 2-3 ml

**Drip Application : 1 litre per acre**

**Recommended crops: All crops**

## Nex-Phate (Herbal Pesticide like acephate)

<b>Content</b>	: Concentrated Extract from Leaves and Oil seeds of wild plants.
<b>Function</b>	: Control Sucking Pests and Small stage Larva (Function like Chemical Acephate)
<b>Dose</b>	: 30 to 40 Grm in 15 Ltr of water
<b>Application Time</b>	: At the time or before pest seen
<b>Packing</b>	: 250 Grm, 500 Grm, 1 Kg.
<b>Bulk Packing</b>	: 25 Kg HDPE bag

## Dr. Root (Organic Nematicide)

<b>Content</b>	: Natural Inhibitor with Seaweed and Herbal Powder.
<b>Function</b>	: It acts as best Agricultural Nematicide. It controls root Nematode of Brinjal, Tomato, Chilli, Banana and all other.
<b>Dose</b>	: 1 kg per Acre
<b>Application Time</b>	: At the any stage of crop.
<b>Packing</b>	: 1 Kg.
<b>Bulk Packing</b>	: 25 Kg HDPE bag

## Hexa Seaweed (Plant Growth Promoter)

<b>Content</b>	: Seaweed Extract 90%
<b>Function</b>	: Increase growth of roots and ultimately, It Increase growth of plants.
<b>Dose</b>	: 20 Grm per 15 Liter water
<b>Special Function</b>	: At any time and as a seed treatment, as foliar spray, as Drinching.
<b>Packing</b>	: 250 Grm, 500 Grm
<b>Bulk Packing</b>	: 25 Kg HDPE bag

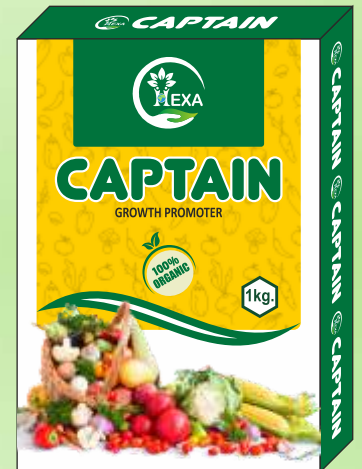

## **Hexa Amino** (Plant Growth Promoter)

<b>Content</b>	: Amino Acid 80%
<b>Function</b>	: Increase growth of roots and ultimately, It Increase growth of plants.
<b>Dose</b>	: 20 Grm per 15 Liter water
<b>Special Function</b>	: At any time and as a seed treatment, as foliar spray, as Drinching.
<b>Packing</b>	: 500 Grm
<b>Bulk Packing</b>	: 25 Kg HDPE bag

## **Captain** (Plant Growth Promoter)

<b>Content</b>	: Amino Acid, Plant Enzymes, Vitamins and 16 types of micro nutrients
<b>Function</b>	: Increase growth and Stems Quality.
<b>Dose</b>	: 20 Grm per 15 Liter water
<b>Application Time</b>	: At any time
<b>Packing</b>	: 250 Grm, 500 Grm, 1 kg.
<b>Bulk Packing</b>	: 50 Kg HDPE bag

## **Master** (Growth Promoter)

<b>Content</b>	: Humic Acid, Fulvic Acid, Seaweed Extract & Amino Acid
<b>Function</b>	: Increase growth of Roots & Plant (Specially for Sugarcane)
<b>Dose</b>	: 20 Grm per 15 Liter water
<b>Application Time</b>	: At any time
<b>Packing</b>	: 250 Grm, 500 Grm, 1 kg.
<b>Bulk Packing</b>	: 50 Kg HDPE bag

## **Bright** (Growth Promoter)

<b>Content</b>	: Humic Acid 98% & K <sub>2</sub> O
<b>Function</b>	: Increase growth of roots and ultimately, it increase growth of plants & improve soil fertility
<b>Dose</b>	: 20 Grm per 15 Liter water
<b>Application Time</b>	: At any time
<b>Packing</b>	: 100 Grm, 250 Grm, 500 Grm, 1 kg.
<b>Bulk Packing</b>	: 25 Kg HDPE bag

## **Tahelka** (Plant Growth Promoter)

<b>Content</b>	: Amino Acid, Plant Enzymes and Vitamins
<b>Function</b>	: Increase growth and Stems Quality, increase Root and Branches. Develop plant yield capacity,
<b>Dose</b>	: 30 Grm per 15 Liter water
<b>Application Time</b>	: At any time
<b>Packing</b>	: 1 kg.
<b>Bulk Packing</b>	: 50 Kg HDPE bag

## **Micro Bacteria**

- 1) Azotobacter Chroococcum
- 2) Mycorrhizal
- 3) Trichoderma Viride
- 4) Pseudomonas Fluorescens
- 5) Peecilomyces Lilacinus
- 6) Azospirillum Brasilense

## **Black Diamond** (Soil Conditioner)

<b>Content</b>	: Amino Acid, Humic Acid, Nitrogen with most of micro nutrients
<b>Function</b>	: 1. Growth and flowering stimulant by root growth 2. It is best for the reduce the dose of UREA fertilizer. 3. It is best siol conditioner which improve soil condition and prevent soil to become hard.
<b>Dose</b>	: 2.5 kg per acre
<b>Recommended Crops</b>	: Any Field Crops/Horticultural Crops/Fruit Crops
<b>Application Time</b>	: At the time and any stage of crop
<b>Compatibility</b>	: Compatible with most of all chemical fertilizer
<b>Packing</b>	: Jar Or Pouch packing
<b>Packing Available</b>	: 1kg & 2Kg Jar
<b>Packing Available</b>	: 50kg HDPE bags

## **Brahmastra** (White Grub-Termite Control)

- Content** : Natural Pesticide (From Plants)  
**Function** : 1. To control white Grub, Termite, Root Boror etc  
 2. To Increase Root Growth  
 3. To Improve the soil fertility.  
**Dose** : 4 kg per Acre  
**Timing** : At the time of sowing or after sowing.  
**Packing** : 1 kg Pouch, 4 kg Pouch, 40kg Bag  
**Bulk Packing** : 25 Kg HDPE bag

## **Nex Flower 15G** (Nitrobenzene 15%)

- Content** : Nitrobenzene 15% w/w with plant enzyme  
**Function** : Increase quantity of flower and growth promoters  
**Dose** : 3 to 5 kg per Acre  
**Packing** : 1 kg Pouch, 40kg Bag  
**Bulk Packing** : 50 Kg HDPE bag

## **Hexa Zyme** (Bio Organic Zyme)

- Content** : Seaweed and Humic Acid and Amino Acid  
**Function** : Growth and Flowering Stimulating by Root Growth  
**Dose** : 5 kg per Acre (time sowing or any stage of crop)  
**Packing** : 5 kg bag , 10 kg bag/ bucket, 25 and 50 kg HDPE drum.  
**Bulk Packing** : 50 Kg HDPE bag

# 100% Water Soluble Fertilizers

**NPK (19:19:19)**

**Mono Potassium Phosphate (mkp)**

**Potassium nitrate**

**Mono Ammonium Phosphate (map)**

**NPK (13:40:13)**

**Potassium Sulphate (sop)**

## HEXA ZINK 21% & 33% Heptahydrate + Mono

<b>Content</b>	: Hexa Zink 21% (Heptahydrate) Hexa Mono Zink 33% (Mono Hydrate)
<b>Function</b>	: Zink is an essential micronutrients required by several enzyme systems, auxins and for protein synthesis. It helps in formation of chlorophyll, Increase the carbohydrate metabolism there by increases yield levels of the crop.
<b>Dose</b>	: 5kg & 1kg per acre and apply
<b>Packing</b>	: 1kg
<b>Bulk Packing</b>	: 50kg

## HEXA BORON 10.5% & 20%

<b>Content</b>	: Hexa Boron 10.5% & 20%
<b>Function</b>	: Born (B) has a specific role of development of root and shoot growing point (meristamatic growth), cell devision and extension, cell wall development, pollen germination and growth,fruit development, carbohydrate metabolism, protein synthesis, etc.
<b>Dose</b>	: 500gm to 1kg per acre
<b>Packing</b>	: 1kg
<b>Bulk Packing</b>	: Available

## HARIYALI GOLD (Multi Zink)

<b>Content</b>	: Zn-5%, Fe-2%, Cu-0.2, B-0.5%, Mn-0.5%
<b>Function</b>	: Optimizes yield & quality of crops (Wheat, Paddy, Sugarcane, Cotton, Potato, Cumin, Fennel, Castor, Chilly, Vegetables, Fruits, Pulses and other field crops) through novel micro-nutrients.
<b>Dose</b>	: 5 to 7kg per Acre
<b>Packing</b>	: 1kg & 25kg
<b>Bulk Packing</b>	: Available

## Hexa Cal (Premium Organic Manure)

- Content** : Calcium, Magnesium, Sulphur, Humic Acid, Fulvic Acid, Zinc, Ferrous, Copper, Boron, Manganese
- Benefits** : - Hexa cal contains balanced amount of elements like Calcium, Magnesium and Sulphur which is best for plant growth  
 - It increases water absorption and uptake of other Nutrients.  
 - It increases the count of chlorophyll molecules in leaves and hence the photosynthesis activity of plants.  
 - It completely wipe out the causes of yellowness in crops and hence increase the quality and yield of crops.  
 - Ensure healthy and disease free crops.  
 - Regular usage of Hexa Cal makes the soil smoother.
- Function** : Hexa Cal with any chemical fertilizer for best and quick growth of plants and achieve excellent results.
- Dose** : 25 kg per acre  
**Packing** : 25 kg  
**Bulk packing** : 25 kg HDPE Bag

## Natural Potash (Natural Potash)

**Function:**

- New generation concept in NPK "K" in Bio available form.
- Doesn't harm the soil structure & Micro organisms in the soil
- No soil fixation and no loss due to leaching.
- Better uptake of nutrients by the plant
- Uses Gluconate as carrier material

- Dose** : 100 kg per Acre  
**Packing** : 50 kg Bag  
**Bulk Packing** : 50 kg bag

## Green Gold (Organic Soil Conditioner)

Green Gold provides Ca:Mg:S which known as secondary Nutrients necessary for the growth and health of plants

**Benefits:**

- . Green gold contains balanced of elements like Calcium Magnesium and sulphur which is best for plant growth.
- . It Increase water absorption and uptake of the nutrients.
- . It increases the count of chlorophyll molecules in leaves and hence the photosynthesis activity of plants.
- . It completely wipe out the causes of yellowness in crops and hence increase the quality and yield of crops.
- . Ensure healthy and disease free crops.
- . Regular usage of green gold makes the soil smoother

- Dose** : 1) 200 to 250 kg per acre for long duration crops like Sugarcane, Castor 2)100 to 150 kg per Acre for short duration crops like groundnut, Paddy & Vegetable Etc.  
**Packing** : 50 kg HDPE bag

## Hexa Gold (Rich Organic Manure Powder)

<b>Content</b>	: Calcium, Magnesium, Sulphur, Humic Acid, Fulvic Acid, Zinc, Ferrous, Copper, Boron, Manganese
<b>Benefits</b>	: - Hexa cal contains balanced amount of elements like Calcium, Magnesium and Sulphur which is best for plant growth - It Increases water absorption and uptake of other Nutrients. - It increases the count of chlorophyll molecules in leaves and hence the photosynthesis activity of plants. - It completely wipe out the causes of yellowness in crops and hence increase the quality and yield of crops. - Ensure healthy and disease free crops. - Regular usage of Hexa Cal makes the soil smoother.
<b>Function</b>	: Hexa Cal with any chemical fertilizer for best and quick growth of plants and achieve excellent results.
<b>Dose</b>	: 25 kg per acre
<b>Packing</b>	: 25 kg
<b>Bulk packing</b>	: 25 kg HDPE Bag

## Sendriya Khatar

हेक्सा सेंद्रिय खाद ये एक आर्गेनिक सेंद्रिय खाद है। जिसके अंदर सभी प्रकार के मिनरल पौधे को मिलते हैं। सेंद्रिय खाद में सभी आर्गेनिक प्रकार की वस्तुएं मिलती हैं। जैसेकि पोल्ट्री, एरंडी की खली, डांगर की कुचकी, आर्गेनिक कार्बन और ऐसी चीजे जिसमे आर्गेनिक कंटेंट की मात्रा ज्यादा होती है। सेंद्रिय खाद का उपयोग करने से पौधे के रूट में बहुत बढ़ता है। पोधेमे नए पत्ते और डालिया आती है ये एक कम्प्लीट नुट्रिशन खाद जैसा होता है। जिनसे पौधे की इम्युनिटी बढ़ती है और पैदावार ज्यादा आती है सेंद्रिय खाद में कार्बन की मात्रा भी होती है जिनसे कम पानिमे भी पौधा हरा भरा रहता है। सेंद्रिय खाद से जमीन एकदम नरम रहती है जिनसे रूट में नाइट्रोजन अच्छी मात्रा में मिलता है। सेंद्रिय खाद में सभी आर्गेनिक कम्पोनेंट होता है जिनसे जमीन के अंदर जो न्यूट्रिशन पड़े है वो पौधा आसानीसे ले सकता है  
Dose : 50 to 100 kg 1 एकर में डालनेसे बहुत अच्छा रिजल्ट मिलता है

पैकिंग : 50kg बेग

ये खाद पावडर फोम में आता है।

सभी चीजोंके उपयोग से इन में कुदरती बेक्टेरिया बन जाता है जो पोधे के लिए बहुत हितकारी होता है।

## Nitrogen

<b>Content</b>	: Nitrogen Deliver from Available source with 16 types of micronutrients and Natural Amino Acids.
<b>Function</b>	: Increased growth of Roots and plant to fulfill Nitrogen deficiency
<b>Dose</b>	: 30 ml per 15 Liter water / 1 ltr per acre in Drinching
<b>Application Time</b>	: At any time
<b>Packing</b>	: 250 ml, 500 ml, 1 Ltr.
<b>Bulk Packing</b>	: 50 Ltr / 200 liter HDPE Drum

## Phosphorus

<b>Content</b>	: Nitrogen + Phosphours Deliver from Available source with 16 types of micronutrients and Natural Amino Acids.
<b>Function</b>	: Increased growth of Roots and plant to fulfill Phosphorus deficiency
<b>Dose</b>	: 30 ml per 15 Liter water / 1 ltr per acre in Drinching
<b>Application Time</b>	: At any time
<b>Packing</b>	: 250 ml, 500 ml, 1 Ltr.
<b>Bulk Packing</b>	: 50 Ltr / 200 liter HDPE Drum

## Potash

<b>Content</b>	: Natural Potash + Nitrogen Deliver from Available source with 16 types of micronutrients and Natural Amino Acids.
<b>Function</b>	: Increased growth of Roots and plant to fulfill Potash deficiency
<b>Dose</b>	: 30 ml per 15 Liter water / 1 ltr per acre in Drinching
<b>Application Time</b>	: At any time
<b>Packing</b>	: 250 ml, 500 ml, 1 Ltr.
<b>Bulk Packing</b>	: 50 Ltr /200 liter HDPE Drum

## NPK

<b>Content</b>	: Nitrogen + Phosphours + Potash mix Deliver from Available source with 16 types of micronutrients and Natural Amino Acids.
<b>Function</b>	: Increased growth of Roots and plant to fulfill N +P+K deficiency
<b>Dose</b>	: 30 ml per 15 Liter water / 1 ltr per acre in Drenching
<b>Application Time</b>	: At any time
<b>Packing</b>	: 250 ml, 500 ml, 1 Ltr.
<b>Bulk Packing</b>	: 50 Ltr / 200 liter HDPE Drum

## Vinashak Ampoule (Organic Pesticide)

<b>Content</b>	: Alkaloid and salt of fatty acid, oil of wild plants and mixture of organic matter
<b>Function</b>	: Control Thrips, Mites, White fly, Aphid, Jassid, & All types of sucking pests etc
<b>Dose</b>	: 10 ml in 15 ltr of water
<b>Application Time</b>	: At the time of pest seen mixing with any pesticide, fungicide, PGR
<b>Packing</b>	: 10 ml

## Hulk Ampoule (Organic Pesticide)

<b>Content</b>	: Alkaloid and salt of fatty acid with mixture of wild plant oil and Dhatura Extract
<b>Function</b>	: Control all Larva, Heliothis & Spodoptera
<b>Dose</b>	: 10 ml in 15 ltr of water
<b>Special Function</b>	: Add PGR content
<b>Application Time</b>	: At the time of pest seen mixing with any pesticide, fungicide, PGR
<b>Packing</b>	: 10ml.

## Flower Plus Ampoule (Flowering Stimulant)

<b>Content</b>	: Carboxylic Acid & Folic Acid
<b>Function</b>	: Increase flowers quantity and prevents pre dropping fruits and flowers
<b>Dose</b>	: 10 ml in 15 ltr of water
<b>Application Time</b>	: At and after flowering / Fruiting
<b>Packing</b>	: 10 ml.
