About Us

Spark Engineers is more than three decades old company, engaged in designing and developing different types of vessels and tanks. We are a trusted manufacturer and supplier of Pressure Vessels, Fired Pressure Vessel Parts, Strong Acid Cation Tanks, Strong Acid Cation Resins, and others. Our Pressure Vessels and Bullet Tanks are designed to store liquefied petroleum gas (LPG), propane, ammonia, propylene and other hazardous materials. We design and manufacture tanks and vessels to efficiently handle such substances.

Ever since we began our operations in the year 1986, we have maintained the highest quality standards in our products. To this date, we have manufactured more than 15000 pressure vessels and 8000 LPG, propane, propylene and ammonia road tankers. We manufacture tanks of 20 MT, 50 MT, 100 MT and 150 MT capacities. Besides, we have also manufactured and supplied safety kit and safety fittings to our esteemed clients. Clients looking forward to purchasing vessels and tanks for their business needs may reach out to us to have a discussion about their requirements. We can prepare designs and manufacture them as per their specific needs.

Key Facts

No of Staff	190
Year of Establishment	1986
OEM Service Provided	No
Monthly Production Capacity	100

Our Products

CO2 Storage Tank

Liquid Oxygen Tank

Sand Filter

Propane Mobile Gas Tanker

Bobtail Tanker

Cryogenic Vertical Storage Tank

SS Vessels

Bullet Tank

Gas Storage Tank

Propylene Mobile Gas Storage Tank

Pressure Vessels

Pressure Vessels

LPG Storage Tank

Refrigent Plant
