About Us

With more than a decade of experience in the market, Keshan Trading Company has established itself as a trustworthy trader, dealer, and supplier of a wide range of high-quality weld wires, electrodes, and other related products. Our main business focus is on the supply and trading of high-quality GMAW Consumables, SAW Wires and Flux, FCW Wires, Tubular Electrodes, Reclaiming Welding Electrodes, and many other products. These products are made for different welding processes and techniques, such as GMAW, GTAW, TIG, SAW, and FCAW. We mainly deal in D&H Secheron weld materials. D&H Secheron is the leading welding wires/materials manufacturer in India. Our product encompasses welding wires in hundreds of different specifications for welding of an exhaustive list of steel and metal alloy grades and is ultimately used across multiple industries for a complete array of welding works.

Our mission is to provide top-notch quality welding wires and flux that result in outstanding welding works. During the last one and a half decades, we have served the customers with utmost sincerity so that they get satisfactory business experience with us. With our conviction and belief, we have garnered commendable responses from customers all over India. Today, KTC has become a trusted name for all kinds of welding materials. We march ahead with the same intent to achieve even greater recognition from the customers.
