## About Us

At Pumv International, we believe that separating out from the competition, when more and more businesses are emerging nowadays, is the key to success. Our broad product offering, of which we are a premier manufacturer and supplier, sets us apart from the competition and aids in our market expansion. We offer a wide variety of products, such as Biodegradable Non Woven Fabric, Handle Loops Non Woven Fabric, etc. Since opening for business in the year 2006, we have attracted a sizable clientele and experienced great success. In addition, we have been offering our unique products to the customers at reasonable prices, especially when compared to our competitors.

We at Pumv International have been steadily advancing in the market for more than seventeen long but productive years. The most significant factor in our long-term success has been the wide range of products we offer our customers. In the city of Ghaziabad, Uttar Pradesh, India, we have a facility where we precisely manufacture all of our goods, such as Melt Blown Non Woven Fabric, Non Woven D-Cut Bags, Surgical Face Mask, Bag Making Non Woven Fabric, and others. After the production process, we make sure to properly test the products in line with highest quality norms. In addition, we work to keep our product pricing as economical as possible in order to draw in more and more customers.
