About Us

Everyone has witnessed the skyrocketing growth of engineering business in the past few years. This has been possible because businesses have been investing in the latest technologies to manufacture their products. **Weld Tech Corporation** falls in the list of those businesses that always aim to get access to the technologically advanced machinery for manufacturing goods of greater efficiency, reliability, utility and quality. Hence, we are considered the best **manufacturer** to ally with for buying innovative engineering equipment like **Welding Machine, Insulating Ring, Welding Rectifier, HOFR Welding Cable**, etc. Quality being our primary concern, achieving the product standards of highest quality has always been our focal point. To make this certain, we also have set up a state-of-the-art quality-evaluating facility.

Our **alliance with Panasonic Smart Factory Solutions India** has made us a the certified distributor of their products. Therefore, supporting us to provide our customers an extensive gamut of engineering equipment and other products of nonpareil quality under one roof. We follow our trade policy fairly and maintain transparency in business deals. As a result, we are considered a reliable **distributor** of **Panasonic Torch Body, Panasonic Nozzle Insulator, Panasonic Insulation Tube**, etc.

To achieve customer retention, we work harder and smarter by expanding our business boundaries with passing time. Currently, we also are a service provider of Repairing And Maintenance Service of Welding Machine Accessories, Spares, Consumable Parts and Welding Machine.

Client Contentment

We all are aware of the fact that clients have the ability to make or break a business. Therefore, keeping their interest in the business is an absolute necessity. Paying attention to this aspect, we, at our company, never fail to improve ourselves on different business aspects- be it technology, product quality or service quality. Thus, ensuring our clients always receive the best Welding Machines, and Repairing and other Services of Welding Machines.

Our Products

**250RX1 Igbt Inverter DC ARC
Welding Syste**

**Thyristor Controlled DC ARC
Welding System**

**400 Amp IGBT Inverter DC
ARC Welding System**

**500RX1 Igbt Inverter DC
ARC Welding Syste**

HOFR Welding Cable

**35 Sq mm HOFR Welding
Cable**

**1.2mm Panasonic MIG
Contact TIP**

Panasonic S1 Nozzle

Panasonic S1 Nozzle

Panasonic Insulation Tube

Panasonic Torch Body

Long Life Plastic Moulded Connector

TFZ 50107 Welding Insulator

YC-300WY Welding Inverter

IGBT Welding Inverter

DJT Welding Inverter

Welding Rectifier

MAG Welding Torch
