## About Us

Devson Metal Tech has earned a strong reputation as a reliable manufacturer of Copper Bonded Earth Rods, Copper Inline Connectors, Heavy Tubular Lugs, Long Barrel Lugs, etc., supported by the rich legacy of the Devson Group and its more than 35 years of industry experience. Built on a foundation of quality, innovation, and customer trust, the company continues to evolve with the dynamic demands of the electrical sector. The journey began in the 1990s under the visionary leadership of its founders, focusing on the production of high-quality electrical kit-kat fuses and control panels tailored for the Indian market. With a deep understanding of industry requirements and a forward-thinking approach, the company soon recognized the growing demand for advanced cable connectivity solutions. This led to a strategic expansion into the manufacturing of Cable Lugs & Accessories, marking a pivotal milestone in its growth story.

Today, Devson Metal Tech operates a modern manufacturing facility spread across 10,000 sq. ft. in Rajkot, India, with an impressive production capacity of 250 metric tons per annum. Equipped with advanced technology and stringent quality control systems, the company is committed to delivering durable, efficient, and high-performance cable accessories. With a clear vision to bring world-class technology to the cable accessories segment, Devson Metal Tech continues to strengthen its presence while offering dependable solutions for diverse electrical applications across industries.

## Key Facts

<b>Nature of Business</b>	Manufacturer
<b>Primary Competitive Advantages</b>	tinned copper aluminium cable lugs,aluminum tubular lugs,aluminium tubular cable lugs,crimping type aluminum lugs,aluminium terminal cable lug,aluminum terminal lug,aluminium cable terminal ends,aluminium lugs,
<b>No of Staff</b>	15
<b>Year of Establishment</b>	2021
<b>No of Production Lines</b>	1
<b>OEM Service Provided</b>	No
<b>ProductRange</b>	tinned copper aluminium cable lugs,aluminum tubular lugs,aluminium tubular cable lugs,crimping type aluminum lugs,aluminium terminal cable lug,aluminum terminal lug,aluminium cable terminal ends,aluminium lugs,

**Our Products**

**Fork Type Non-Insulated Lugs**

**Long Barrel Lugs**

**Open At K Heavy Tubular Lugs**

**Short Barrel Lugs**

**Xlpe Conductor Lugs**

**2 Hole Copper Tubular Lugs**

**Aluminium 2 Hole Lugs**

**Aluminium Tin Plating Lugs**

**Pin Type Non-Insulated Lugs**

**Ring Type Insulated Lugs**

**Ring Type Non-Insulated Lugs**

**Ring Type Pre-Insulated Lugs**

**Twin-End Sealing Ferrule**

**Pin Type Insulated Lugs**

**End Sealing Ferrule**

**Fork Type Insulated Lugs**
