About Us

Customers who seek to experience the long-term returns on their investment can collaborate with Jalbindu Agro Services. We are a quality-conscious manufacturer, supplier, and trader of investment-worthy industrial valves, filter air gas liquid products, and a lot more. Since our inception in 2014, we have concentrated our production processes that address the specific industry requirements. We analyze the market requirements and introduce highly efficient, performance-oriented, and cost-effective 25 MM Cock, Pop Up Pro Spray, Brass Nozzle, Pipe Saddle, Plastic Fogger, Solid Steel Valve, and other irrigation products.

Needless to say, our industrial products are the outcome of the hard work and wisdom of our manufacturing professionals. We have the team of dedicated workforce with extensive expertise in manufacturing, quality testing, and storing industrial products in accordance with the recommended standards. Mr. Amit Kumar Jain (Proprietor) is the brain behind the successful operation of our company. He is a true entrepreneur who believes in offering contentment to all customers by presenting technologically sophisticated and long-lasting products. Under his leadership and supervision, the company is receiving compliments from clients around the country.
