About Us

We, Forcast, are a manufacturer, supplier, and trader of Degasser Tablets and Foundry Fluxes, experiencing rapid growth since our establishment in 2020. We primarily serve steel foundries, automotive iron foundries, aluminum pressure die casters, and aluminum extrusion plants. We take pride in our modern and well-designed infrastructure facility, which includes specific units for raw material testing, storing finished product, and developing products. At Forcast, we prioritize providing our customers with maximum value for their investment, by offering timely supply of supreme quality and competitively priced products.

Forcast was established in 2020 and specializes in the manufacturing, and trading of Degasser Tablets and Foundry Fluxes. With a professional and customer-oriented approach, we are running our operations and getting excellent response from the market. Our team of dedicated professionals allows us to offer products that meet both industry set quality standards. Thanks to the guidance of our proprietor, Mr. Akhil Mehta, we have been smoothly running our operations and delivering the finest solutions. His extensive experience and profound business acumen have contributed significantly to our rapid growth and a wide customer base throughout the country.
