## About Us

With 40 years of vast experience, Laxmi Cement Pipe Industries has become a renowned name in the Indian construction industry. Established in 1983, today, the organization is famous for its premium-class Spigot & Socket Pipes, Round RCC Manhole Cover, Interlocking Tiles, Precast Boundary Wall and allied products. With complete focus on quality, the company ensures that only high grade raw materials and modern methods are used for manufacturing the product line. For producing defect free goods, we take the help of our experienced and trained professionals. By using their expertise efficiently, they not only help us in coming up with unmatched quality offerings but also enable us to carve a niche as a trusted manufacturer and supplier.

Laxmi Cement Pipe Industries is a popular name in the Indian construction sector which is admired for its top quality products such as Precast Boundary Wall, Round RCC Manhole Cover, Plain Ended Pipes, Interlocking Tiles and many more. By manufacturing the products in different specifications, we are satisfying the diverse requirements of the buyers. Our in-house production unit where the entire range is developed is situated in Hapur, Uttar Pradesh (India). The unit is well-equipped with world-class machinery and tools using which we are executing our day-to-day business operations in a smooth manner. We are grateful to our vendors, associates and teammates that with their immense support, our business is constantly growing.
